Our Linx exhibition system can be designed to suit your needs offering you a truly bespoke exhibition stand design. Use our full show management service to handle everything from graphics and furniture to flooring and installation – anywhere in the world!

design and installation

large exhibition stands

medium exhibition stands

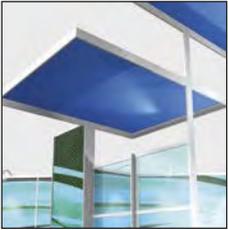

small exhibition stands

## large exhibition stands

The Linx system can be used to create endless design options and may be reconfigured and utilised again and again. So whatever size and shape of the space you have in the future a Linx system will allow the flexibility you require.

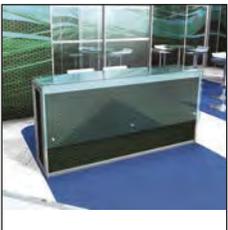

### Ceilings

A fabric casement ceiling structure is a great aesthetic feature.

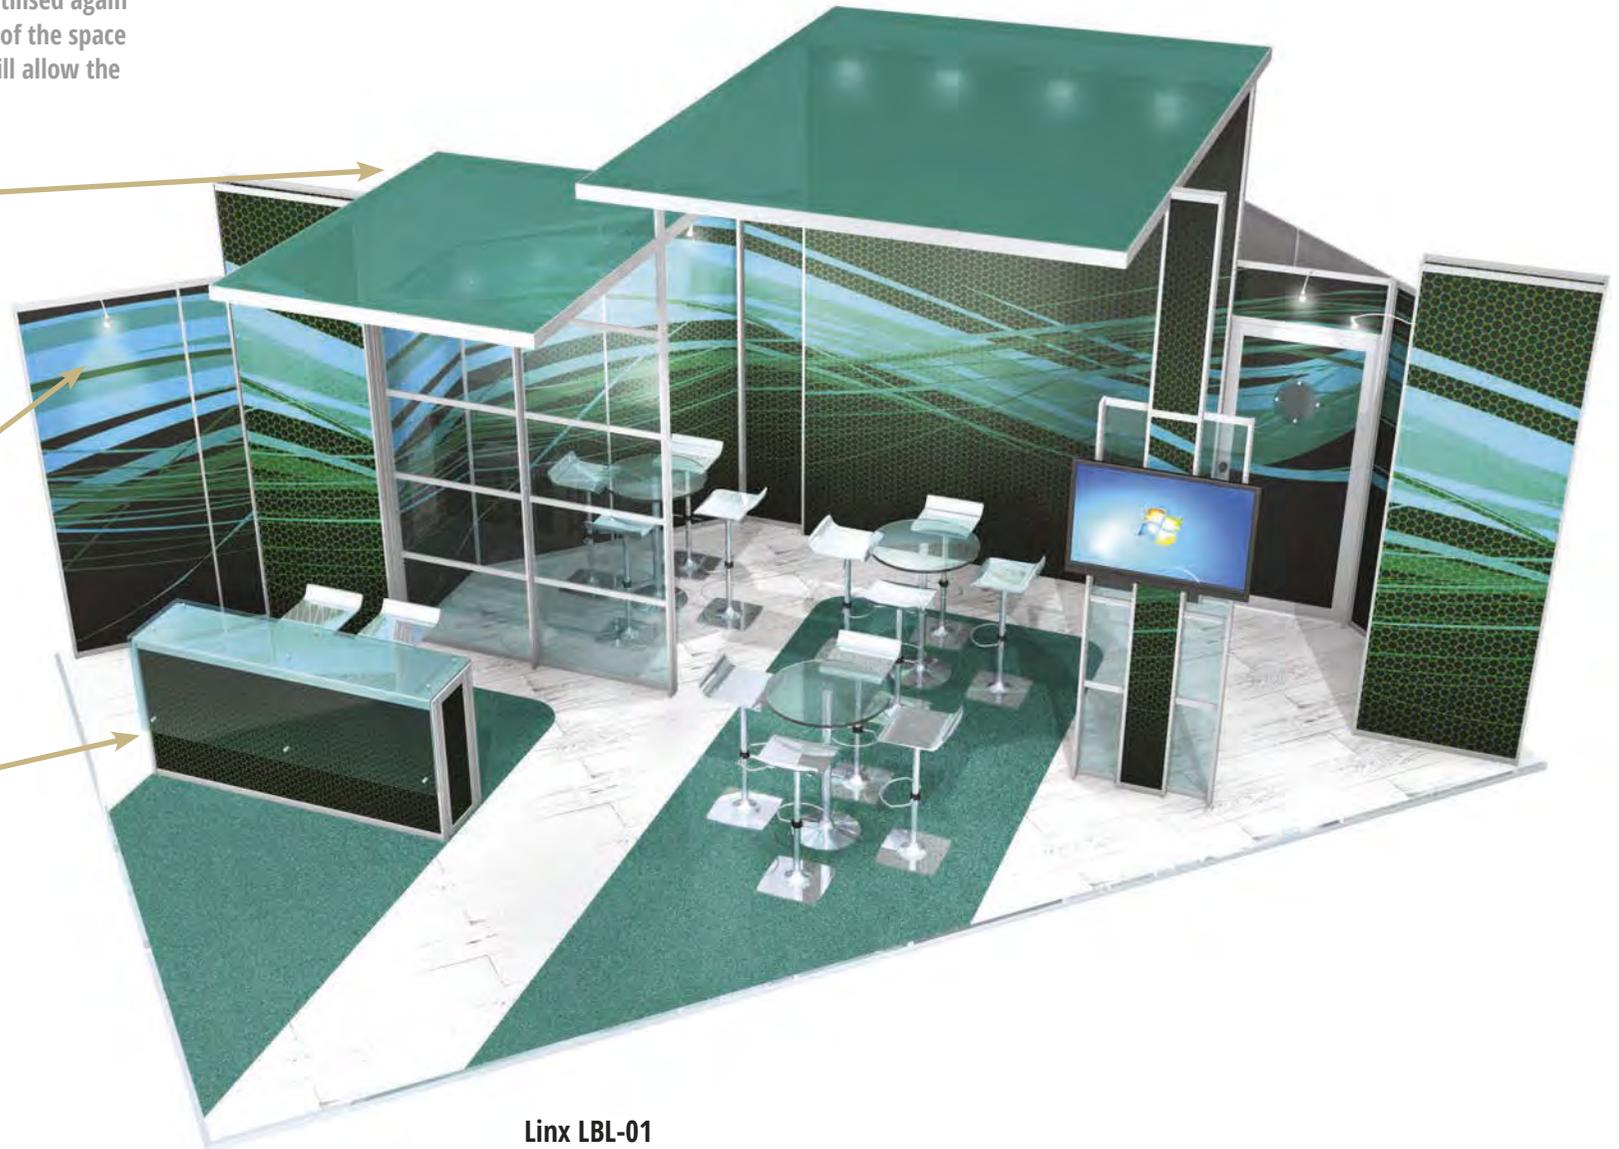

### Backlighting

Enhance your design with stylish Linx lighting. Backlighting can be used to draw attention to logo panels or specific areas of your stand.

### Counter

Company branding gives a great first impression when meeting and greeting.

## 2. modular displays

modular display systems	20
audio visual displays	34
centro self-build exhibition examples	36

Versatile and cost-effective, our self-build modular exhibition solutions and display products can be used as either stand-alone displays or combine them to create a customised display. Perfect for conferences, exhibitions and retail they are easily assembled and manufactured to the highest level.

modular display system

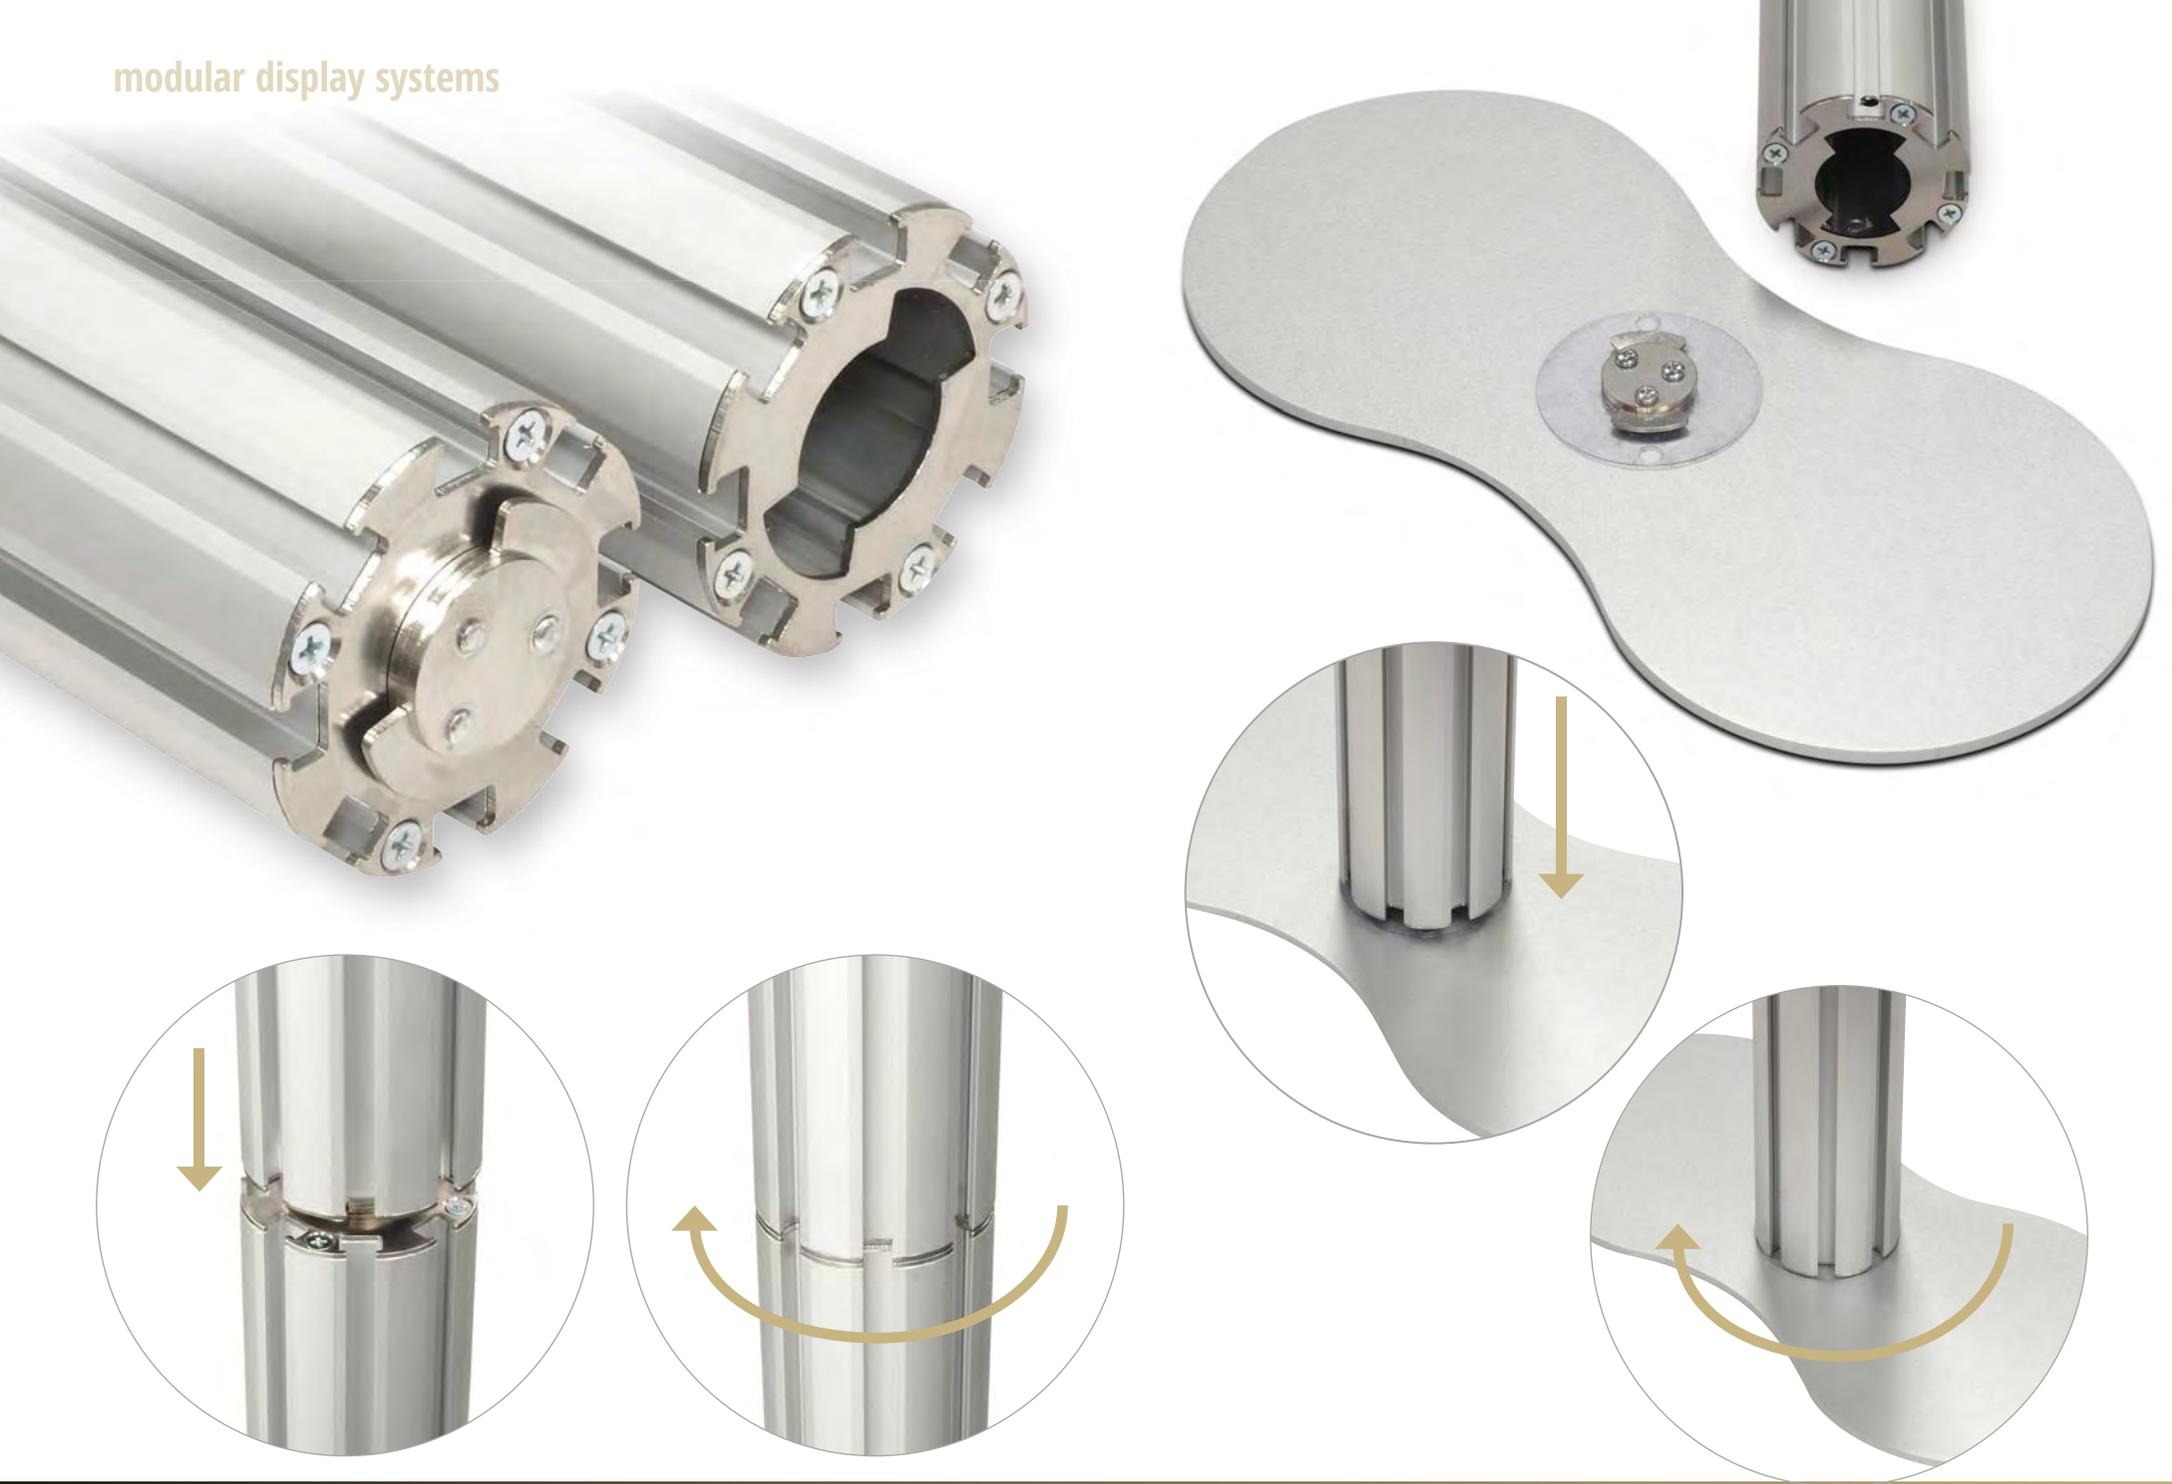

display pod

audio visual display

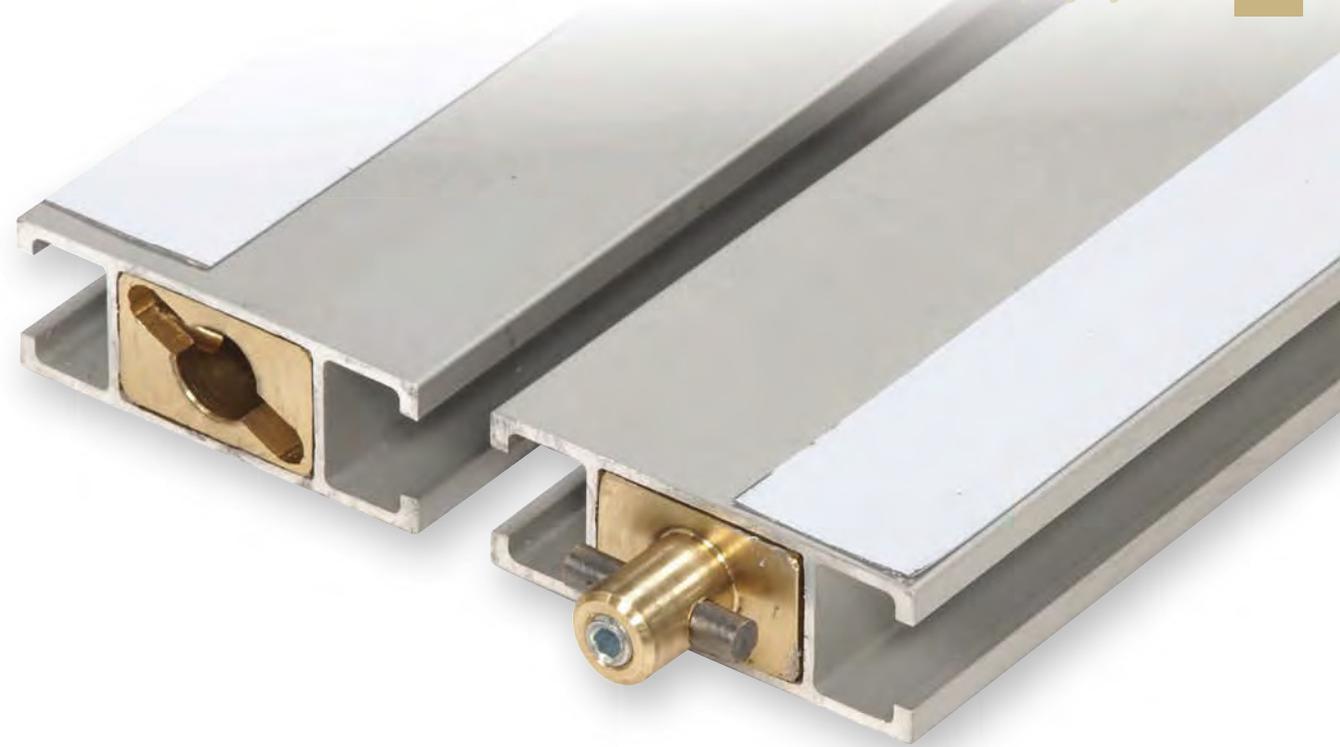

self-build exhibition stand

The Centro RotrLink twist and lock technology allows fast and easy installation, providing clients peace of mind that they will be able to build small or large modular displays with ease.

New unique and innovative RotrLink modular display system maintains the strength of the product whilst dramatically reducing assembly time.

RotrLink System

750mm  
(C1RK/75)

1500mm  
(C1RK/150)

2250mm  
(C1RK/225)

Standard kits - dimensions stated are visible graphic widths for rigid panel graphics

Coloured acrylic features, neon blue, red and green or frost.

### Centro 1

- New unique and innovative RotrLink modular display system
- Substantially reduced assembly time
- Suitable for rigid PVC panel or banner media with horizontal pockets
- Robust anodised aluminium 8-way posts and unique silver steel bases
- Range of coloured contemporary acrylic post caps and accessories
- Standard overall height without lighting 2021mm
- Maximum footprint
  - 750mm - 1006(w) x 380mm(d)
  - 1500mm - 1756(w) x 380mm(d)
  - 2250mm - 2506(w) x 380mm(d)

### Accessories Available

- Curved counter kit - white top only
- Podium set - table top colour to match post cap
- Brochure holder set - colour to match post cap
- Screen monitor and iPad mounting kits
- Choice of 50w or 150w lighting for rigid panel display
- CHLC light bracket required for banner graphic display - 150w light

### Centro Wheeled Trolley Case

- Display hardware for both options fit within single trolley case
- Graphic tube within trolley case can only accommodate banner graphic

CHLC bracket

### Centro 2 straight

- New unique and innovative RotrLink modular display system
- Substantially reduced assembly time
- Suitable for single or double-sided seamless magnetic graphic panel drop(s)
- Robust anodised aluminium 8-way posts and unique silver steel bases
- Range of coloured contemporary acrylic post caps and accessories
- Standard overall height without lighting 2021mm
- Maximum footprint with optional space bars
  - 750mm - 1226(w) x 380mm(d)
  - 1500mm - 1976(w) x 380mm(d)
  - 2250mm - 2726(w) x 380mm(d)

### Accessories Available

- Curved counter kit - white top only
- Podium set - table top colour to match post cap
- Brochure holder set - colour to match post cap
- Screen monitor and iPad mounting kits
- Choice of 50w or 150w lighting
- Optional spacer bar kit

### Centro Wheeled Trolley Case

- Display hardware and graphics for C3RKS/75 fit within single trolley case
- Display hardware and graphics for C3RKS/150 & C3RKS/225 requires two trolley cases

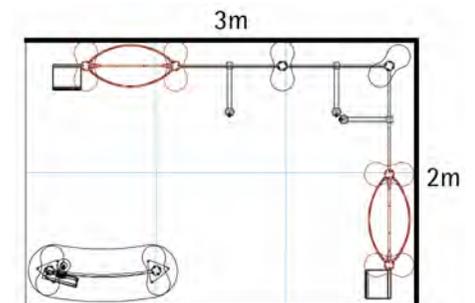

### Accessories Available

- Curved counter kit - white top only
- Podium set - table top colour to match post cap
- Brochure holder set - colour to match post cap
- Screen monitor and iPad mounting kits
- Choice of 50w or 150w lighting

### Centro Display Pod

- Product code - CRSK/62/Black
- Innovative multifunctional product display unit which can be used in a variety of combinations including 'fully closed' dual aspect viewing
- Featuring ingenious RotrLink post/base & post/post connection
- The uniquely shaped 8mm thick 'green edge' acrylic shelves supported by chrome adjustable shelf brackets will each accept 12kg of evenly distributed product
- Generous individual display spaces - 616(w) x 300(d) x 360mm(h)
- Maximum overall stand dimensions - 868(w) x 380(d) x 2016mm(h)
- Includes 4 off 3mm Foamex header and base panels for promotional graphic display/corporate information
- All kits supplied dismantled for ease of transportation
- Supplied with 8 off 'glass clear' 2mm polycarbonate infill panels to shield and protect display products
- Individual panels can be replaced with printed graphics to create a distinctive visual backdrop
- 4mm hex key and cross head screw driver supplied for complete assembly
- Compatible with entire Centro range
- Ship safe durable carton measurements - 2 x 1020(w) x 500(d) x 240mm(h)
- Net weight - 27kg
- Packaged weight - 34kg (cartons)

### Centro Wheeled Trolley Case

- Optional 2 off moulded wheeled trolley cases

RotrLink System

- Display pod 'fully open' providing dual aspect viewing
- Allows products to be handled from both sides of stand

- Display pod 'open one side' providing single aspect viewing with option of graphic back drop panels
- Allows display products to be handled

- Display pod 'fully closed' providing single aspect viewing with option of graphic back drop panels
- Supplied viewing panels shield and protect display products

- Display pod 'creative use' of all possibilities providing unique double-sided option
- Allows products and graphics to be viewed in a variety of ways

Coloured acrylic features, neon blue, red and green or frost.

RotrLink System

### Centro Suspended Poster Display

- Innovative multi-purpose freestanding modular poster display unit - six standard kits
- Features easily assembled Centro RotrLink post/base and post/post connection
- Premium quality double-sided clear acrylic display poster pocket holders
- Unique robust anodised aluminium posts, profiles and silver steel bases
- Chrome connectors, stainless steel hanging wire and hex keys supplied
- Range of coloured contemporary acrylic post caps and accessories
- All kits supplied dismantled for ease of transportation
- Compatible with the entire Centro range (as illustrated)
- Ship safe durable carton measurements - 1020(w) x 500(d) x 240mm(h)
- Maximum overall stand dimensions - 1006(w) x 380(d) x 2021mm(h)

### Clear Acrylic Holders

- Five standard sizes available – A5L, A4P, A4L, A3L and 500 x 700mm
- Thermoformed one piece acrylic to optimise pocket strength
- Ease of assembly

**Kit 1**

- Product code - C1SP1/75
- 4 x A4 Portrait double-sided 2mm thick clear acrylic poster holders
- Packaged weight - 19kg (carton)

**Kit 2**

- Product code - C1SP2/75
- 8 x A4 Portrait double-sided 2mm thick acrylic poster holders
- Packaged weight - 21kg (carton)

**Kit 3**

- Product code - C1SP3/75
- 5 x A4 Landscape double-sided 2mm thick acrylic poster holders
- Packaged weight - 20kg (carton)

**Kit 4**

- Product code - C1SP4/75
- 4 x A3 Landscape double-sided 2mm thick acrylic poster holders
- Packaged weight - 21kg (carton)

**Kit 5**

- Product code - C1SP5/75
- 2 x 500 x 700mm Portrait double-sided 3mm thick acrylic poster holders
- Packaged weight - 29kg (2 x cartons)

**Kit 6**

- Product code - C1SP6/75
- 6 x A4 Portrait and 6 x A5 Landscape double-sided 2mm thick acrylic poster holders
- Packaged weight - 22kg (carton)

### Centro Slatwall Display

- Product code - C1SK/75
- Innovative single-sided multifunctional product display
- Self-assembly display featuring ingenious RotrLink post connection
- Stylish inter-locking white slat wall panels (set of 5) - each 766(w) x 310mm(h)
- Slatwall visual area when assembled - 750mm(w) x 1540mm(h)
- Graphic display opportunity on spacer panel – visual area 750(w) x 350mm(h)
- Compatibility with the entire Centro range
- Wide range of slatwall accessories available
- All kits supplied dismantled for ease of transportation
- Maximum overall stand dimensions - 1006(w) x 380(d) x 2016mm(h)
- Ship safe durable carton measurements - 1020(w) x 500(d) x 240mm(h)
- Packaged weight - 23kg (carton)

Coloured acrylic features, neon blue, red and green or frost.

- Clear acrylic 4mm

Non – standard accessories on application

## modular display systems

### Centro Podium Kit

- Product code - CPTS
- Ergonomically designed acrylic top available in neon blue, green, red and frost
- Contemporary design to enhance visual impact of modular display system
- Clamps securely to Centro system post in a variety of positions
- Podium top dimensions - 500(w) x 443mm(dia)

### Brochure Holder Set

- Product code - CLPS
- Colour co-ordinated acrylic A4 portrait brochure holder
- Available in neon blue, green, red and frost
- Thermoformed one piece acrylic to maximise strength
- Simple 'hook over' style fitting

### Centro Counter Kit

- Product code - CRCC
- Elegant high quality anodised aluminium curved modular counter
- Freestanding display with pearl white laminate counter top supplied
- Featuring ingenious new RotrLink post/base connection
- Overall dimensions - 1092(w) x 440(d) x 1025mm(h)
- Net weight - 19.1kg
- Packaged weight - 23kg

### Centro Wheeled Trolley Case

- Product code - CTC1
- Stylish and durable moulded plastic case with rubber wheels
- Detachable lid with moulded handle and 3 lockable latches
- Convenient side carry handle
- White lined tube - 254mm dia. x 980mm (holds 4 x 1990mm graphics)
- Overall dimensions - 520(w) x 440(d) x 1130mm(h)
- Internal dimensions - 460(w) x 360(d) x 912mm(h)
- Nominal net weight including tube without graphics - 8.9kg
- Converts to counter display with simple application of graphic wrap
- Quality assured - 12 months guarantee
- Packaged weight - 12kg

- Product code - CTCT1
- Optional laminated folding top available in beech or black with padded bag

### Centro Door Frame

- Product code - CDKS/75
- Innovative 1900(h) x 750mm(w) hinged door design for 5 to 7mm thick rigid panels
- Modular anodised aluminium construction with door handle, quarter turn lock and 2 keys
- 4mm hex key and cross head screw driver supplied for complete assembly
- Compatible with the entire Centro range
- Low profile threshold door bar complies with Health & Safety requirements

### 4mm Hex Key

- Product code - CTH4
- High strength nylon handle
- Ergonomic handle for maximum grip and comfort

### Halogen Lamp

- Product code - CHL2
- 150w silver halogen lamp
- Stylish design with 360° pivoting head
- Power lead 3m long

### Spotlight

- Product code - CSP2
- 50w silver low voltage spotlights
- Contemporary perforated lamp cover
- Vertically tilting head design
- In-line transformer and power lead 3m long

### Quadrant Shelf Kit

- Product code - CQSK
- Stylish shelf with pre-assembled secure mounting bracket
- Self-select desired shelf position and height
- MDF shelf with membrane pressed durable coating available in grey or white
- Shelf dimensions 300mm(dia)
- Net weight - 1.2kg

### iPad Post Mounting Kit

- Product code - CIP/K5
- iPad holder and Centro interface mounting bracket supplied
- Enclosures in textured black or white finish
- Rotates 360°
- Overall holder dimensions
  - Portrait - 206(w) x 58(d) x 294mm(h)
  - Landscape - 294(w) x 58(d) x 206mm(h)
- Packaged weight - 3kg

### Screen Mounting Kit

- Product code - CSMK1
- Special expanding bracket clamp with heavy-duty screws to secure screen to post
- Uncomplicated assembly with 5mm hex key supplied
- Maximum screen size 22 inches - for the option of mounting larger screens see the Centro kits in AV section
- Screen not included

### Centro Multimedia Display

- Innovative modular graphic stands providing two screen height positions and universal mounting bracket for either 32" or 42" LED/LCD screen
- New unique RotrLink connection with anodised aluminium 8-way posts and matching silver steel bases
- Fewer component parts providing reduced assembly times - 4mm hex key supplied
- Compatible with entire Centro range
- Overall height without lighting 2019mm

Please note screen not included

RotrLink System

Coloured acrylic features, neon blue, red and green or frost.

### Centro Wheeled Trolley Case

- Product code - CTC1x2
- Each kit requires two wheeled trolley cases

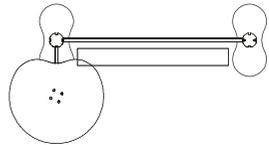

### Accessories Available

- Curved counter kit - white top only
- Podium set - table top colour to match post cap
- Brochure holder set - colour to match post cap
- Screen monitor and iPad mounting kits
- Choice of 50w or 150w lighting

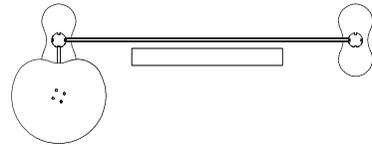

**Kit 1**

- Product code - CT1RK/95
- Podium table included for stand stability
- Footprint - 1206(w) x 521mm(d)
- Overall graphic dimensions - 1990(h) x 950mm(w)

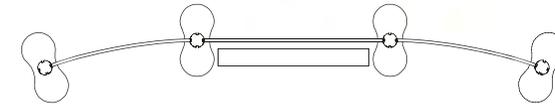

**Kit 2**

- Product code - CT2RK/150
- Podium table included for stand stability
- Footprint - 1765(w) x 521mm(d)
- Overall graphic dimensions - 2 x 1990(h) x 750mm(w)

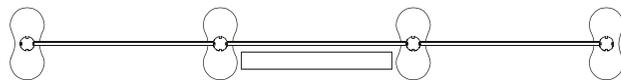

**Kit 3**

- Product code - CT3RK/245
- Footprint - 2885(w) x 518mm(d)
- Overall graphic dimensions - centre panel 1 x 1990(h) x 950mm(w) and inner curve panels 2 x 1990(h) x 750mm(w)

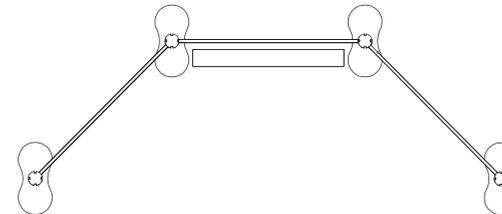

**Kit 4**

- Product code - CT4RK/285
- Footprint - 3254(w) x 380mm(d)
- Overall graphic dimensions - centre & outer panels 3 x 1990(h) x 950mm(w)

**Kit 4 Alternative Layout**

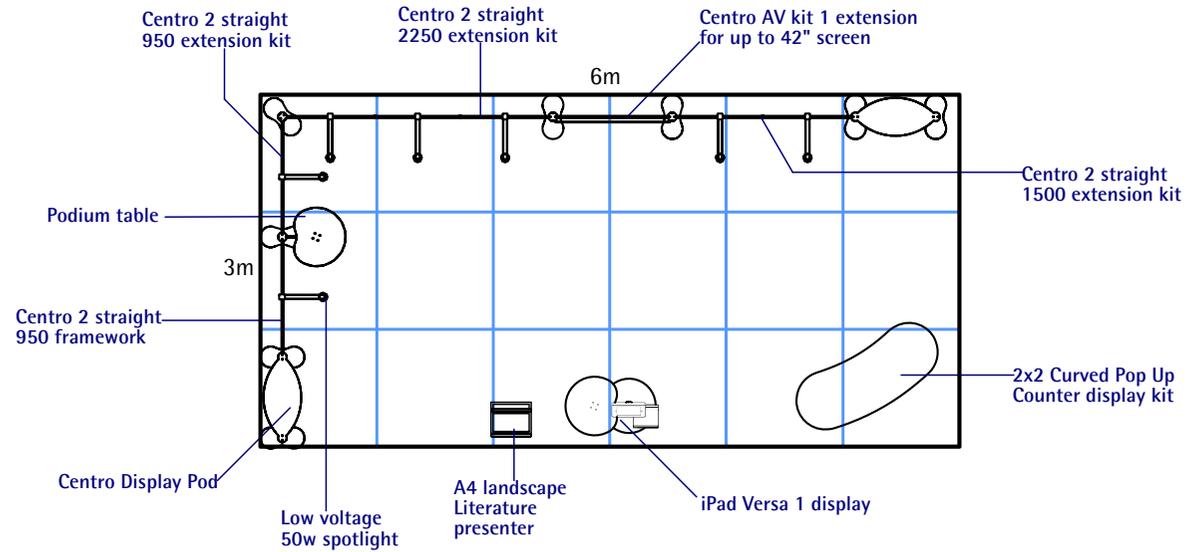

- Footprint - 2652(w) x 1106mm(d)
- Overall graphic dimensions - centre & outer panels 3 x 1990(h) x 950mm(w)

Please note screen not included

## centro self-build exhibition examples

Centro components are made from high quality aluminium and the quality of the RotrLink twist and lock technology ensures the exhibition system can be used continually whilst retaining it's strength, enabling stand builds at various heights. Examples illustrated are at standard 2m high.

## link<sup>2</sup> - the worlds first seamless roller banner

The new Link<sup>2</sup> roller banner is the World's first true light-weight affordable linking banner stand. The Link<sup>2</sup> allows for unlimited banners to be seamlessly joined together creating professional, promotional and exhibition backdrops. Also, each Link<sup>2</sup> banner stand has interchangeable graphic capabilities, so for the first

time customers can now change their own graphics with no fuss. This means that customers can use Link<sup>2</sup> hardware indefinitely. Other advantages include a patented tension system that aids graphic alignment on uneven floors, integrated LED lighting and a flexible panel option making it ideal for shell schemes.

Available graphic widths:

- Straight: 850mm
- Flexible: 235mm

Available graphic heights:

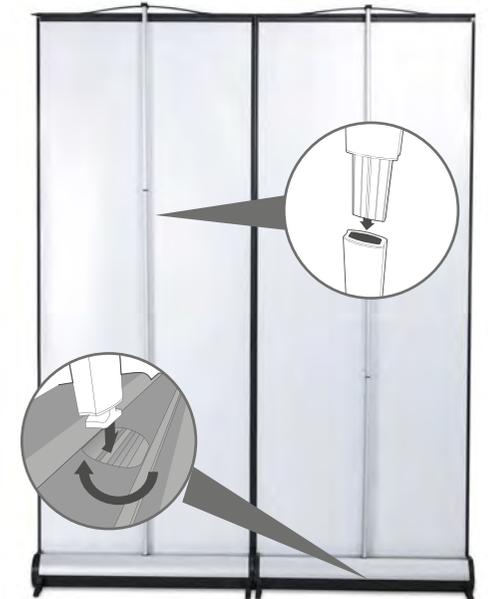

- 2000mm
- 2175mm
- Packed weight: 6.1kg including graphics

Unlimited Link<sup>2</sup> roller banners can be joined together

Link<sup>2</sup> hardware carry bag.

4 x flexi-link panels  
& 8 x easi-links kits

7 x Link<sup>2</sup> roller banners & 6 x easi-link kits

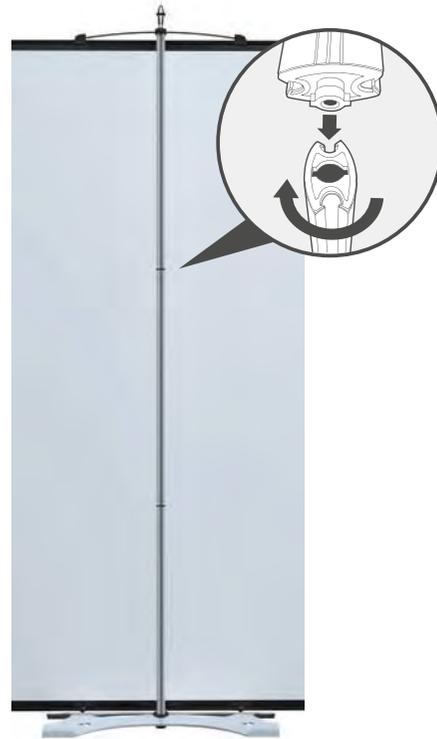

## twist linkable banner graphics

Extremely stable and simple to erect, the Twist Original is the foundation for the display range. Its versatility means that it can be configured to suit a wide variety of display requirements.

### Twist Original

The Twist Original & Media come complete with an integrated low voltage LED light and either UK, US or EU transformer, as well as the ability to be single or double sided, i.e. graphics on the front and back.

- Low voltage LED light
- Patented tensioning system
- Interchangeable graphic panel
- 3mm powder coated steel base
- Male and female Twist upright joining

### Twist Media

Complementing the Twist range is the Twist Media, its revolutionary design enables a TFT or LCD/DVD player to be attached simply to a Twist stand using a standard VESA mounting

- VESA mounted screen brackets included (maximum screen weight 7.5kg)
- Media foot
- Locking pin for 3 part aluminium upright
- VESA fitted plate to attached screen to upright bracket

The dimensions of the stand is determined by the width and height of the graphic. This means that any width between 700mm and 1000mm can be used with just one set of Twist banner hardware; so you are in charge of what you purchase.

## twist linkable banner graphics

**Developed to make virtually any stand shape you require without having to change hardware or graphics, the Flexi-link is our most popular accessory for the Twist range.**

Designed not only to look different when compared to other exhibition stands, the Flexi-link, when used in conjunction with the Twist Original or Media, offers greater flexibility for companies who may not always know what their future stand space requirements are going to be.

Varying heights and the ability to link an unlimited amount of both Twist Original and Media banners together, the Flexi-link panel offers the ability to create backdrops and exhibition displays that are not only unique and strong, but are also easy to assemble and transport.

3 Panel Kit

3 x 2m Shell Scheme

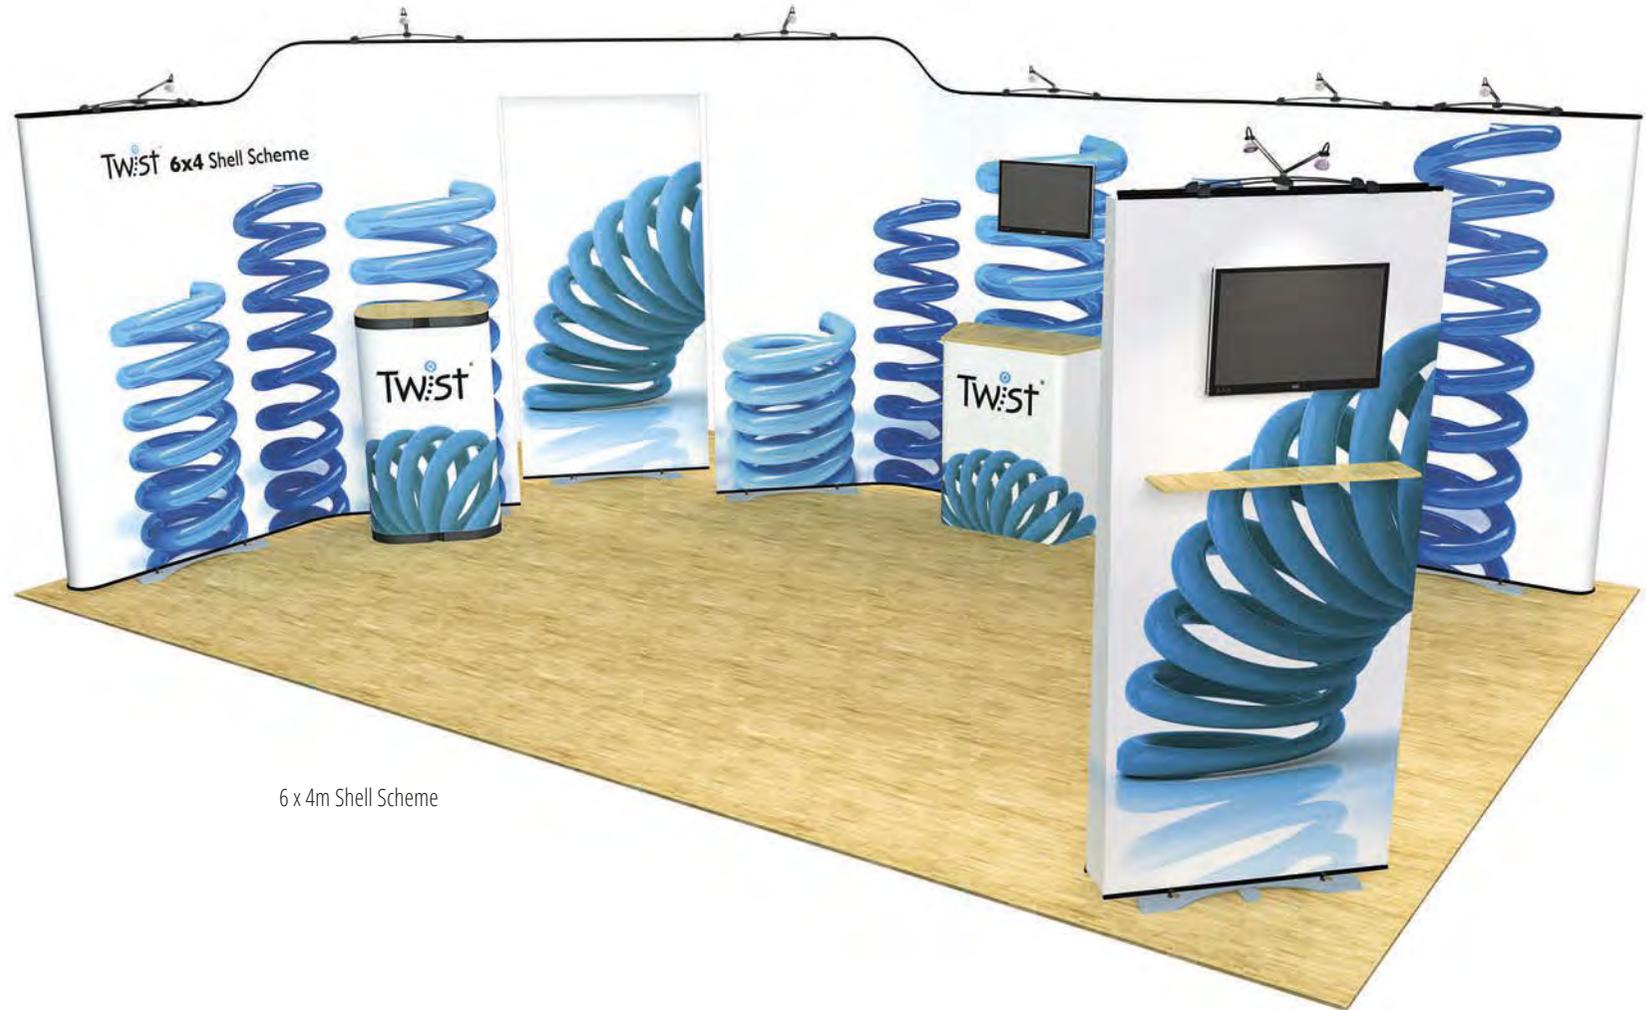

3 x 2m Shell Scheme

3 x 2m Shell Scheme

Twist has the ability to fulfil a wide range of display needs from a single banner to a large multi panel display. The option to use varying heights and shapes allied to its portability makes Twist one of the most flexible modular exhibition display systems in the world.

With just one set of hardware the TWIST can take any width panel between 700mm -1000mm, and the Easi link kit allows TWIST stands to seamlessly join together. Moreover, the patented tensioning system means that any TWIST stand is self-levelling, allowing banners to link together even on unlevel floors.

6 x 4m Shell Scheme

## curve linkable banner graphics

Curve has been designed as an alternative, flexible display solution to help bridge the gap between the numerous budget exhibition stands and pop up displays.

No compromise on quality; no compromise on design; no compromise on offering value for money; Curve is the perfect choice for anyone wanting a light, flexible, affordable display system.

3 panel curve with optional LED lights and transport bag

Optional low voltage LED light

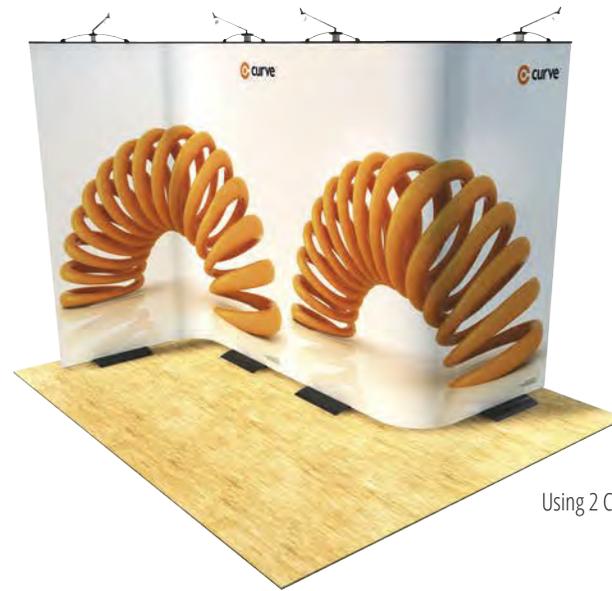

Bases available in black or white

- Available graphic widths:
  - Straight: 850mm
  - Curved: 425mm
- Available graphic heights: 2050mm
- Packed weight: 12kg (including graphics)

**Optional Counter Top**

- Product code - ESP EST
- Hinged laminated counter top available in beech, white or black
- Transported within carry case
- 760(w) x 470(d) x 18mm(h)
- Net weight - 4.2 kg

**Optional Halogen Lamp Kit**

- Product code - ESP HL1
- 2 x 150w silver lamps
- Power leads 3m long
- Carry bag included

**Carry Case**

- Heavy duty moulded wheeled case with useful flat lid top and integral carry handle
- Separate halogen lamp padded storage compartment within case lid
- Lockable lid - catch style mechanism
- Easily converts to counter
- 670(w) x 435(d) x 925mm(h)
- Net weight - 9.6kg

## pop up display counter

### Counter Loading

Uniformly distributed loading of assembled kit tested to an impressive 120kg - counter top 70kg and shelves 12.5kg each

### Wheeled Trolley Bag

- New strengthened and fully padded one piece wheeled trolley bag
- Carry handles and internal white lined graphic tube for improved handling, product protection and ease of transportation

### Counter Top

- Laminated counter top and shelves available in beech, white or black

### Pop Up Counter

- Product code - EPG CC2
- Fully magnetic 2 x 2 anodised aluminium curved structure providing simple quick construction with exceptional load bearing capability and counter stability
- New self-aligning magnetic graphic header system for ease of assembly utilising our proven one piece graphic wrap solution
- Non tilting hinged laminated counter top with discreet velcro fastening and 2 pairs of interlocking laminated shelves - available in beech, white or black
- Generous counter top work surface - 1385(w) x nominal 460mm(d)
- Shelf openings - 385(h) x 335mm(w) for easy access
- New padded component bags with carry handles, graphic hanging kit, superior strength magnetic tape and flexible end curve stabiliser strips also included
- Overall dimensions - 1385(w) x 535(d) x 903mm(h)
- Net weight - 24.0kg
- Packaged weight - 29.0kg

### Counter Loading

Uniformly distributed loading of assembled kit tested to an impressive 80kg - counter top 42.5kg and shelves 12.5kg each

### Mini Pop Up Counter

- Product code - EPG MC2
- Fully magnetic 1 x 3 anodised aluminium straight structure providing simple quick construction with exceptional load bearing capability and counter stability
- Non tilting laminated counter top with discreet velcro fastening and 3 individual semi-captive laminated shelves - available in beech, white or black
- Generous counter top work surface 685(w) x 365mm(d)
- Shelf openings 285(h) x 300mm(w) for easy access
- New padded component bags with carry handles and superior strength magnetic tape also included
- Dimensions 1025(h) x 685(w) x 365mm(d)
- Net weight - 18.0kg
- Packaged weight - 19.0kg

### Counter Top

- Laminated counter top and shelves available in beech, white or black

### Wheeled Trolley Bag

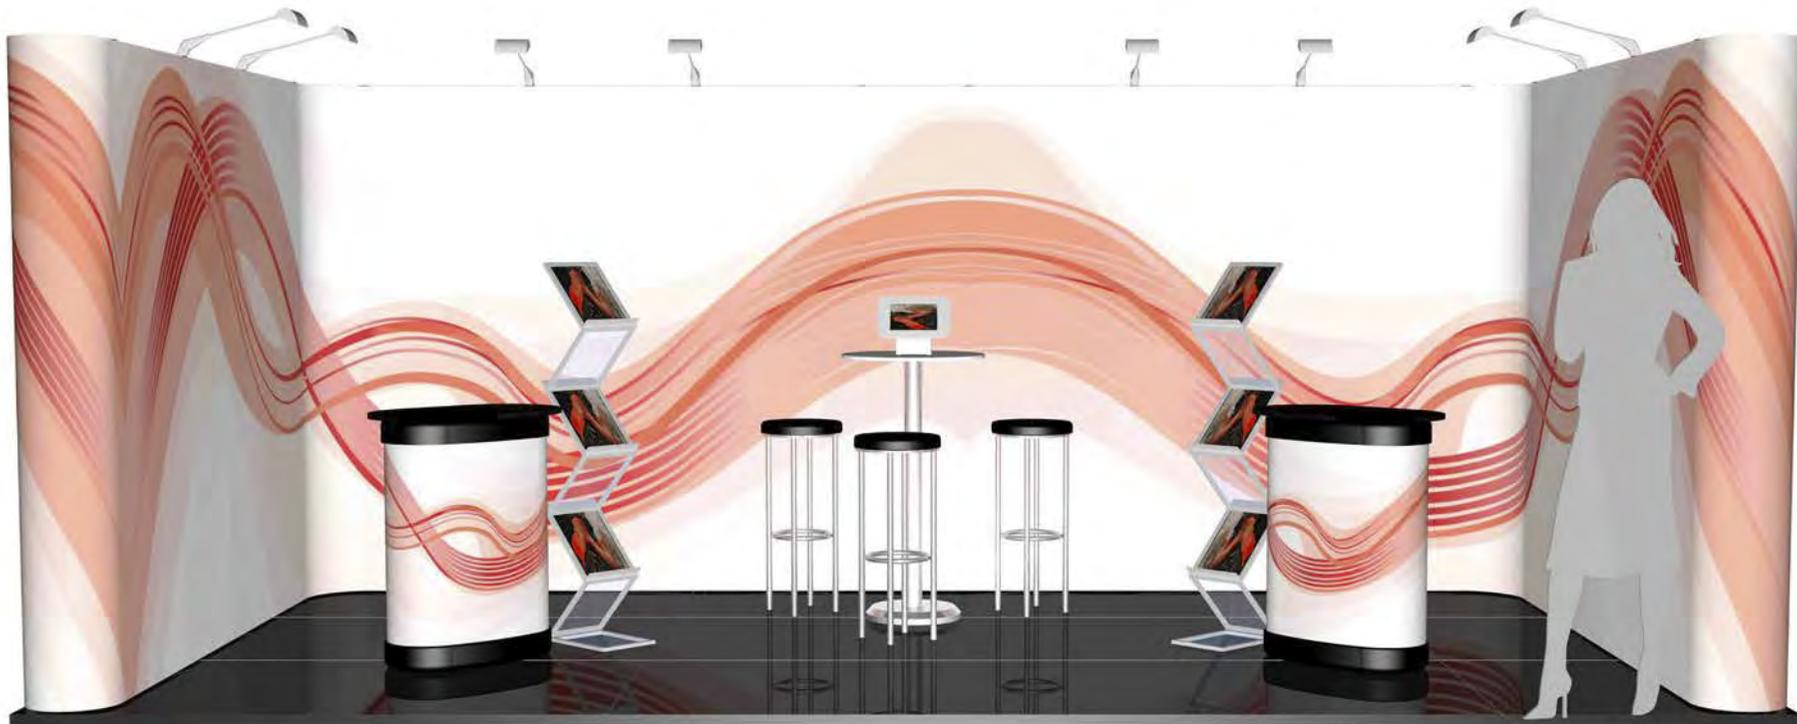

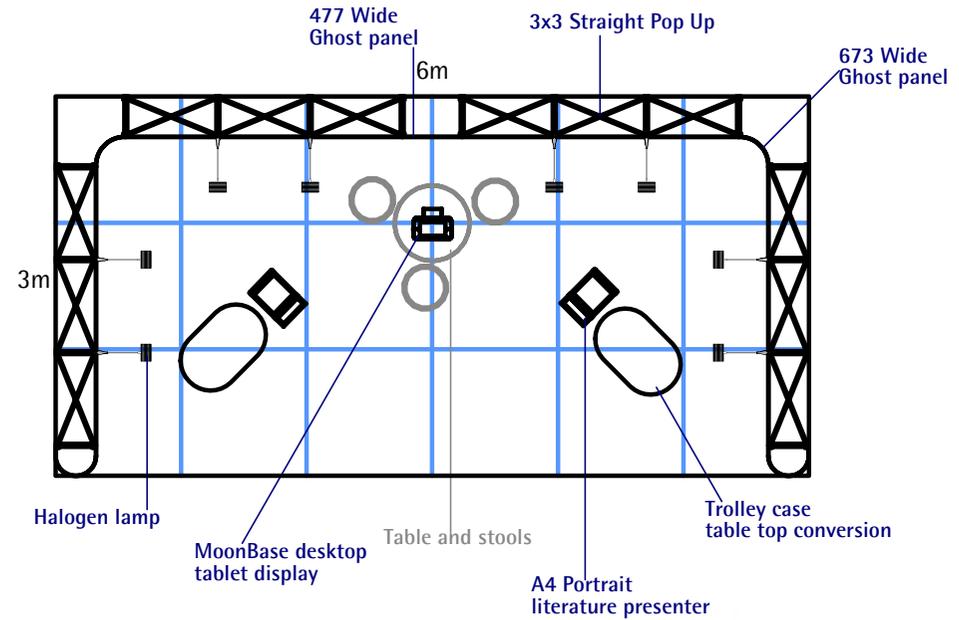

- New strengthened and fully padded one piece wheeled trolley bag
- Carry handles and internal white lined graphic tube for improved handling, product protection and ease of transportation

## pop up exhibition examples

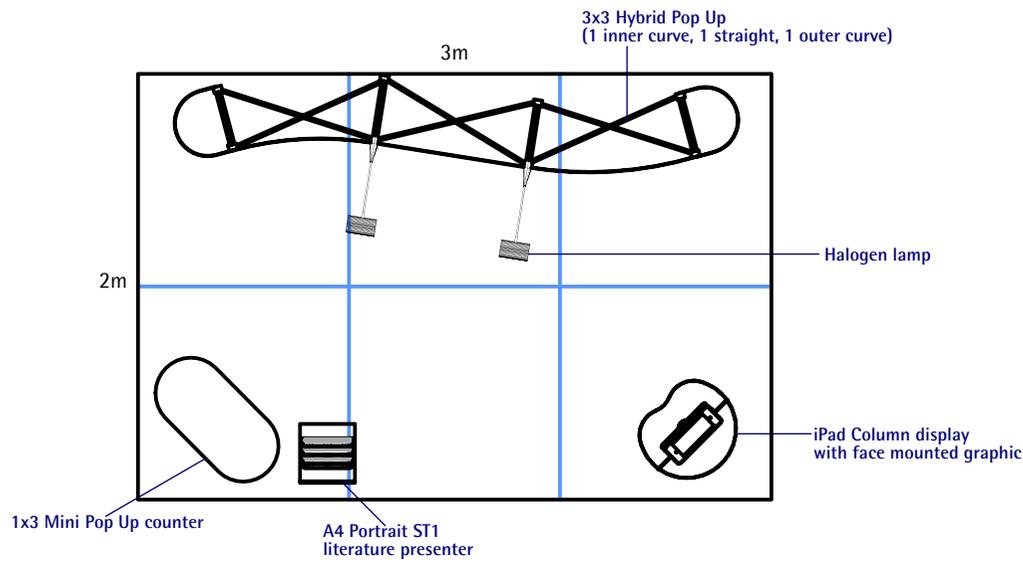

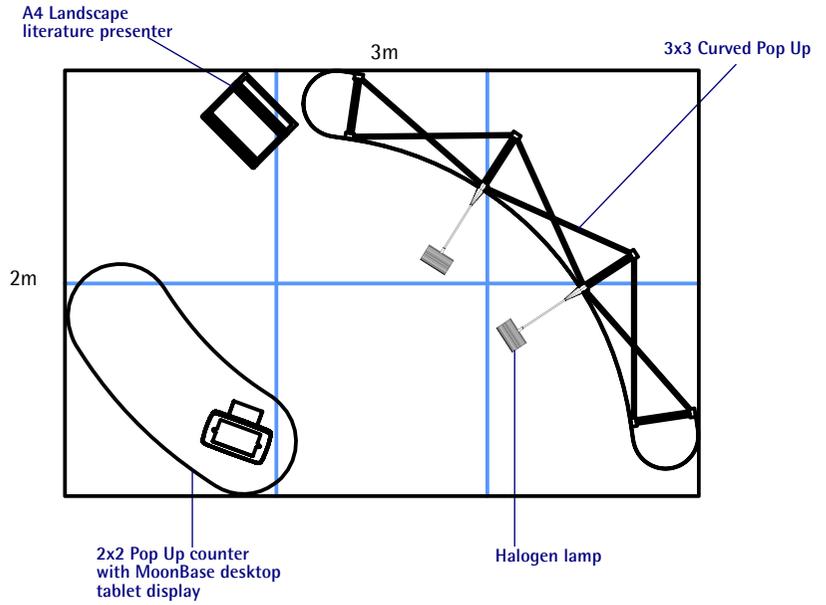

The simple lightweight and practical pop up display not only delivers portability and easy assembly, but can be easily linked and configured to form exhibition solutions for variable stand spaces.

The following illustrations show various exhibition stand configurations from 3m x 2m up to 6m x 3m. However the versatility of the pop up enables you to create unlimited configurations, using a combination of curved, straight and hybrid pop up display structures.

## roll up graphic displays

Our range of roll up graphic displays is stylish, robust and especially designed for maximum convenience and ease of use for exhibition graphics. Each unit has been

created to be not only value for money but durable. Flexible and lightweight they can be used for a variety of promotional applications.

### STStart

- Product code - ESR STStart 3
- Single image - 2000(h) x 850mm(w)
- Lightweight silver anodised cassette with solid twin swivel feet
- Snap lock graphic hanging profile
- Three-piece 'bungee' pole
- Padded carry bag
- Net weight - 3.0kg
- Packaged weight - 4.0kg

### ST1 85

- Product code - ESR ST1/85
- Single image - 2000(h) x 850mm(w)
- Silver anodised cassette with solid swivel foot
- Snap lock graphic hanging profile
- Three-piece 'bungee' pole
- Deluxe padded carry bag
- Net weight - 4.1kg
- Packaged weight - 5.0kg

### ST1 100

- Product code - ESR ST1/100
- Single image - 2000(h) x 1000mm(w)
- Silver anodised cassette with solid swivel foot
- Snap lock graphic hanging profile
- Three-piece 'bungee' pole
- Deluxe padded carry bag
- Net weight - 4.7kg
- Packaged weight - 5.5kg

### ST1 120

- Product code - ESR ST1/120
- Single image - 2000(h) x 1200mm(w)
- Silver anodised cassette with solid swivel foot
- Snap lock graphic hanging profile
- Three-piece 'bungee' pole
- Deluxe padded carry bag
- Net weight - 5.3kg
- Packaged weight - 6.0kg

### ST2 85

- Product code - ESR ST2/85
- Twin images - 2000(h) x 850mm(w)
- Silver anodised cassette with chrome hoop swivel foot
- Snap lock graphic hanging profile
- Three-piece 'bungee' pole
- Deluxe padded carry bag
- Net weight - 5.4kg
- Packaged weight - 6.0kg

### DL Solo

- Product code - ESR DL Solo
- Single image - 2000(h) x 850mm(w)
- Deluxe silver anodised cassette with levelling screws
- Polished end plates
- Snap lock graphic hanging profile
- Deluxe padded carry bag
- Internationally registered design
- Net weight - 5.4kg
- Packaged weight - 6.0kg

### Spotlight - Low Voltage

- Product code - ESR SP3
- Low voltage - 50w
- Full pivot head
- Cable management clip
- In-line transformer and power lead 3m long
- Carry bag included
- Compatible with all single sided roll ups

## roll up graphic displays

- Product code for single system: ESR DLPLUS
- Single system image - 2000mm(h) x 850mm(w)
- Deluxe silver anodised cassette with levelling screws
- Chrome end caps with optional coloured end caps available
- 3 piece 'fine tune' adjustable height bungee pole with discreet moulded top

- Snap lock graphic hanging profile with discreet end caps
- Deluxe padded carry bag
- Internationally registered design
- Optional low voltage spotlight
- Optional magnetic joining cap with link profile
- Net weight - 5.4kg
- Packaged weight - 6.0kg

The roll-up stand is protected by granted European Registered Design number 1843-0001

Not only is our DL Plus graphic display professional and smart but it's also cleverly adaptable.

Used individually, the single units will assert a commanding presence in any application. This system reveals its true colours when individual roll ups are linked together to form a visually-imposing display which is stylish, elegant and impossible to ignore.

### End Caps

Standard  
Chrome

Optional colours  
Black, blue and red

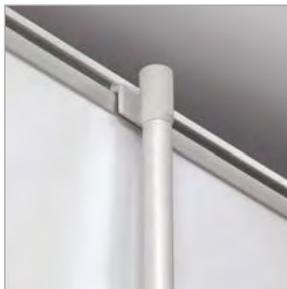

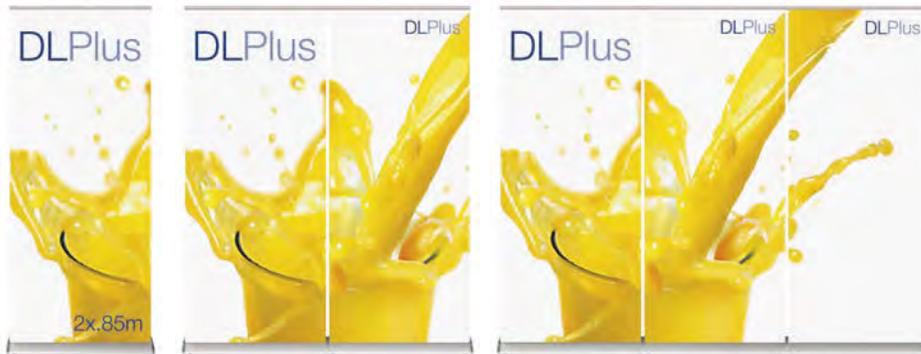

### Spotlight – Low Voltage

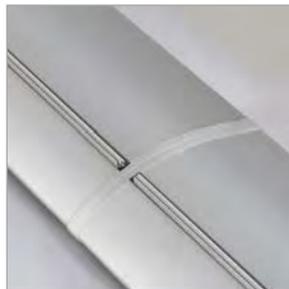

- Product code - ESR SP3
- Low voltage – 50w
- Full pivot head
- Cable management clip
- In-line transformer and power lead 3m long
- Carry bag included
- Compatible with all single sided roll ups

• Optional magnetic joining cap with link profile

Pole with discreet moulded top

Magnetic joining cap

Rear view link profile

- Product code for double system - ESR DLPLUS2
- Product code for triple system - ESR DLPLUS3
- Unique, magnetically linkable cassette and graphic hanging profile allows you to link 2, 3 or more units together
- Discreet moulded magnetic joining base plate

- Discreet silver anodised link profile with lockable connector bar
- Narrow 26mm gap between linked graphics - less than 2% of image area
- Double system graphic width - 1726mm
- Triple system graphic width - 2602mm

The multiple stand is the subject of pending protection under European patent application number 09178238.3

## tablet displays

Presenting the versatile MoonBase secure holder, suitable for housing Apple iPad and Samsung Galaxy tablets. Ideal for point of sale, at home in the lounge, and in office or event environments.

Available in choice of colours with weighted base that provides excellent stability for table top or desk display. Static fixing also available to mount on counter top if required.

Continuous power can be achieved through our internal management system wiring using your device's USB cable.

Suitable for  
iPad &  
Samsung Galaxy

Samsung Tablet pre 2015

Apple Tablet post 2012

Optional Cable Management

### MoonBase Tablet Holder

- Elegant free-sitting or mountable semicylindrical base
- Lockable enclosure with 45° screen sharing and 330° rotation
- Continuous power option
- Available in Saturn Black or Stardust White finish
- Optional cable security cord with two keys
- Overall holder dimensions:
  - Portrait - 225(w) x 265(d) x 260mm(h)
  - Landscape - 306(w) x 240(d) x 225mm(h)
- Net weight - 3.5kg
- Carton dimension - 340(w) x 270(d) x 250mm(h)
- Packaged weight - 5.0kg

Compatible Samsung tablets pre 2015 as follows:

- Product code - TEMBS Black or White
- Samsung Galaxy Tab 3 10.1" (launched July 2013)
  - Samsung Galaxy Note 10.1" 2014 Edition (launched October 2013)
  - Samsung Galaxy TabPRO 10.1" (launched February 2014)
  - Samsung Galaxy Tab 4 10.1" (launched May 2014)

Compatible Samsung tablets post 2015 as follows:

- Product code - TEMBSA Black or White
- Samsung Galaxy Tab A 9.7" (launched July 2015)
- Product code - TEMBS2 Black or White
- Samsung Galaxy Tab S2 9.7" (launched September 2015)
  - Samsung Galaxy Tab S3 9.7" (launched March 2017)

n.b. Samsung Galaxy Tab A 10.1" cannot be accommodated within our MoonBase holder

Compatible Apple tablets as follows:

- Product code - TEMBA Black or White
- Apple iPad 4 'Retina' 9.7" (launched November 2012)
  - Apple iPad Air 9.7" (launched November 2013)
  - Apple iPad Air2 9.7" (launched October 2014)
  - Apple iPad Pro 9.7" (launched April 2016)

## iPad displays

The iPad curve free standing unit and enclosure is designed for quick and easy assembly. As with all our iPad products, where simple fast delivery of messages are key to your communication, they are an ideal solution. Designed to be versatile and practical whilst safely securing the iPads.

### iPad Display Curve

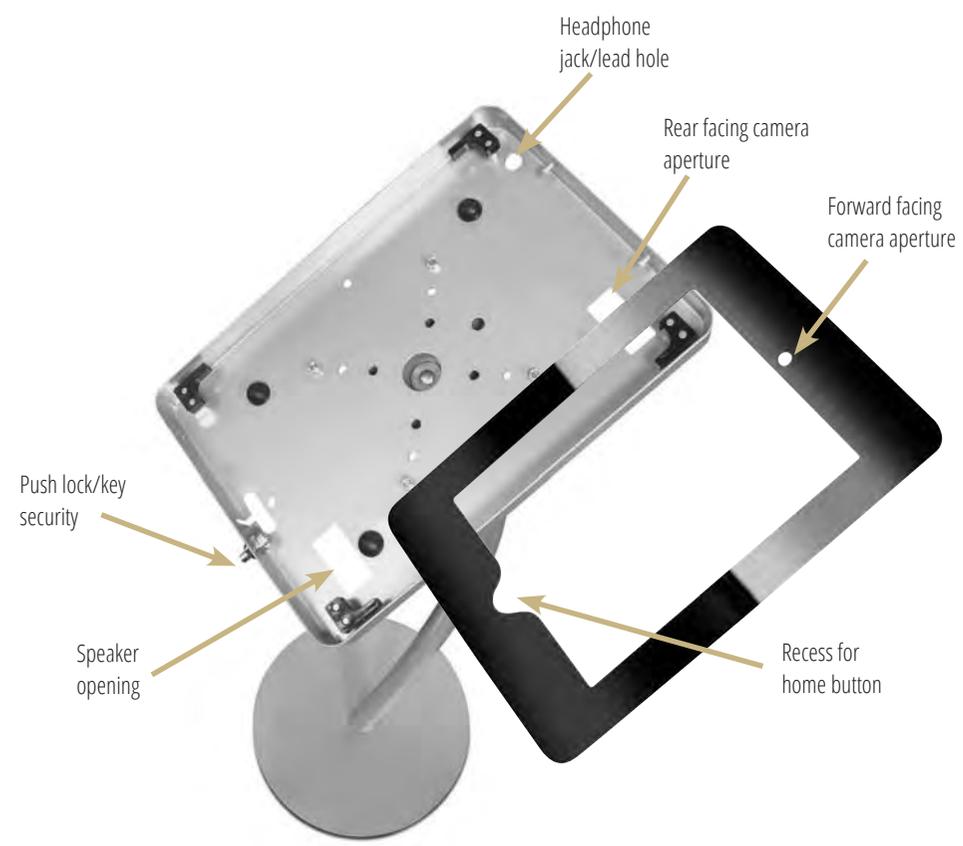

- Product code - CIP/K3/DC
- Designed for use with iPad 2, 3, 4, iPad Air 1, iPad Air 2 and iPad Pro 9.7
- Durable silver grey coated steel enclosure and matching floor stand
- iPad powered from inbuilt battery
- Black high gloss acrylic fascia
- Push button security lock with key release
- Versatile enclosure tilts through 120° and fully rotates 360°
- Home button recess allowing Guided Access on iOS 6 and above

iPad, USB Cable and Power Adaptor not included

### iPad Display Curve

- Maximum overall dimensions - 370mm diameter x 1210mm(h)
- Optional enclosure lock & cable security cord with two keys
- Net weight - 7.6kg
- Carton dimensions - 1060(w) x 390(d) x 110mm(h)
- Packaged weight - 9.0kg

### \* iPad Counter Mount

- Product code - CiP/K6/Black or CiP/K6/White
- iPad holder with continuous power supply
- Enclosures in textured black or white finish
- Assembles to most standard work surfaces subject to appropriate hole preparation
- Standard screw fixing set supplied
- Overall holder dimensions
  - Portrait - 206(w) x 95(d) x 322mm(h)
  - Landscape - 294(w) x 95(d) x 277mm(h)
- Net weight - 2.1kg
- Carton dimensions - 360(w) x 250(d) x 120mm(h)
- Packaged weight - 3.0kg

### \* iPad Post Mount

- Product code - CIP/K5/Black or CIP/K5/White
- iPad holder and Centro interface mounting bracket supplied
- Enclosures in textured black or white finish
- Holder rotates 360°
- No swivel movement or tilt action
- Overall holder dimensions
  - Portrait - 206(w) x 58(d) x 294mm(h)
  - Landscape - 294(w) x 58(d) x 206mm(h)
- Net weight - 1.6kg
- Carton dimensions - 360(w) x 250(d) x 120mm(h)
- Packaged weight - 3.0kg

### iPad Wall Mount

- Product code - CIP/K4/Black or CIP/K4/White
- iPad holder and Vesa mount tilting bracket with security locking screws supplied
- Enclosures in textured black or white finish
- Holder can be mounted portrait or landscape
- Easy tilt adjustment +17° to -10°
- No rotation or swivel movement
- Overall holder dimensions
  - Portrait - 206(w) x 80(d) x 294mm(h)
  - Landscape - 294(w) x 80(d) x 206mm(h)
- Net weight - 2.0kg
- Carton dimensions - 360(w) x 250(d) x 120mm(h)
- Packaged weight - 3.0kg

\*iPad post mount and iPad counter mount enclosure excludes Centro hardware shown in images.

## iPad displays

Special ship safe carton or optional moulded wheeled trolley case. All stands supplied dismantled for ease of transportation.

Heavy duty steel base finished silver with rubber foot pads - 464mm diameter.

iPads are not included.

### iPad Column

- Product code - CiP/K6/CS
- Post and base with versatile iPad holder
- Enclosures in textured black or white finish
- Continuous iPad power supply
- Combined post height 1265mm
- Maximum overall dimensions - 464(w) x 425(d) x 1595mm(h)
- Packaged weight - 15kg (carton) or 24kg (case)
- See further options in Concept displays

### iPad Podium

- Product code - CiP/K6/PS
- Single post, base and acrylic podium table with versatile iPad holder
- Enclosures in textured black or white finish
- Continuous iPad power supply
- Table height 1014mm
- Maximum overall dimensions - 500(w) x 445(d) x 1340mm(h)
- Packaged weight - 15kg (carton) or 24kg (case)

### iPad Versa 1

- Product code - CiP/K6/VS1
- Twin posts, base, acrylic podium table, 2 x linking profiles and A4 brochure holder
- Enclosures in textured black or white finish
- Continuous iPad power supply
- Table height 1010mm and iPad combined post height 1265mm
- Maximum overall dimensions - 800(w) x 500(d) x 1595mm(h)
- Packaged weight - 20kg (carton) or 29kg (case)

### iPad Versa 2

- Product code - CiP/K6/VS2
- Twin posts, base, acrylic podium table, 2 x linking profiles and 2 x A4 brochure holders
- Enclosures in textured black or white finish
- Continuous iPad power supply
- Table height 1010mm and iPad combined post height 1265mm
- Maximum overall dimensions - 800(w) x 500(d) x 1595mm(h)
- Packaged weight - 20kg (carton) or 29kg (case)

### iPad POS

- Product code - CiP/K6/POS
- Multiple post set with 3 x acrylic display podium tables
- Enclosures in textured black or white finish
- Continuous iPad power supply
- Table heights 510mm, 775mm, 1010mm and iPad combined post height 1265mm
- Maximum overall dimensions - 915(w) x 1000(d) x 1590mm(h)
- Packaged weight - 20kg (carton) or 29kg (case)

Coloured acrylic features available in, neon blue, red, and green or frost.

### iPad Duo

- Product code - CiP/2K6/DS
- Single post, base and support arm with 2 x versatile iPad holders
- Enclosures in textured black or white finish
- Continuous iPad power supply
- Support arm height 1039mm
- Maximum overall dimensions - 499(w) x 445(d) x 1365mm(h)
- Packaged weight - 19kg (carton) or 28kg (case)

### iPad Quad

- Product code - CiP/4K6/QS
- Single post, base and cross shaped support arm with 4 x versatile iPad holders
- Enclosures in textured black or white finish
- Continuous iPad power supply
- Cross support arm height 1039mm
- Maximum overall dimensions - 612(w) x 612(d) x 1365mm(h)
- Packaged weight - 26kg (carton) or 35kg (case)

iPad Column

Concept utilising iPad Column and single panel with 3 clips (CIPA/1) or twin panel with 6 clips (CIPA/1 x 2)

- 5mm recommended panel thickness for concept rigid graphics
- Maximum graphic panel height 1265mm for use with standard iPad Column display stand

iPads and graphics are not included.

### iPad & Graphic Display Combined

The simple addition of easy-fit screw clips and graphic panels magnify the iPad column's brilliance as an interactive multimedia display, unleashing a powerful promotional opportunity. Branding and messaging can be used to drive and enhance the iPad user experience as well as increase visibility from a distance.

iPad Column

Concept utilising iPad Column and single panel with 2 thumbscrews (CiPA/2) or double sided panels with 4 thumbscrews (CiPA/2 x 2)

- 5mm recommended panel thickness for concept rigid graphics
- Maximum graphic panel height 1265mm for use with standard iPad Column display stand

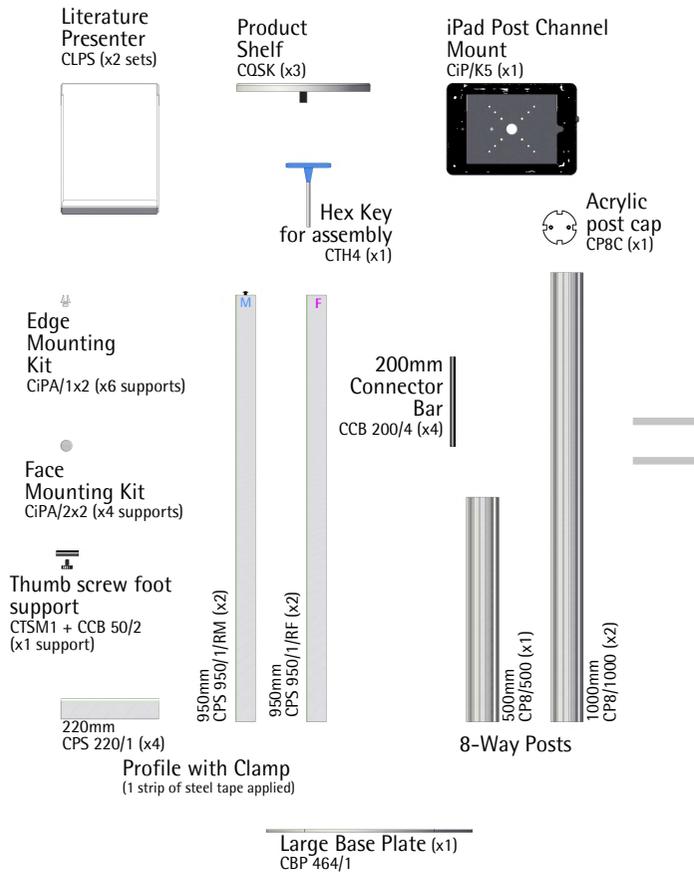

### iPad & Graphic Display Combined

The easy-fit face thumb screw kit enables the iPad column to work even harder with the addition of graphic panels for tailored branding. This enhances the fully-interactive multimedia capabilities of the iPad making it the perfect solution for wayfinding, menus, seminars, exhibitions and demonstrations.

## iPad displays

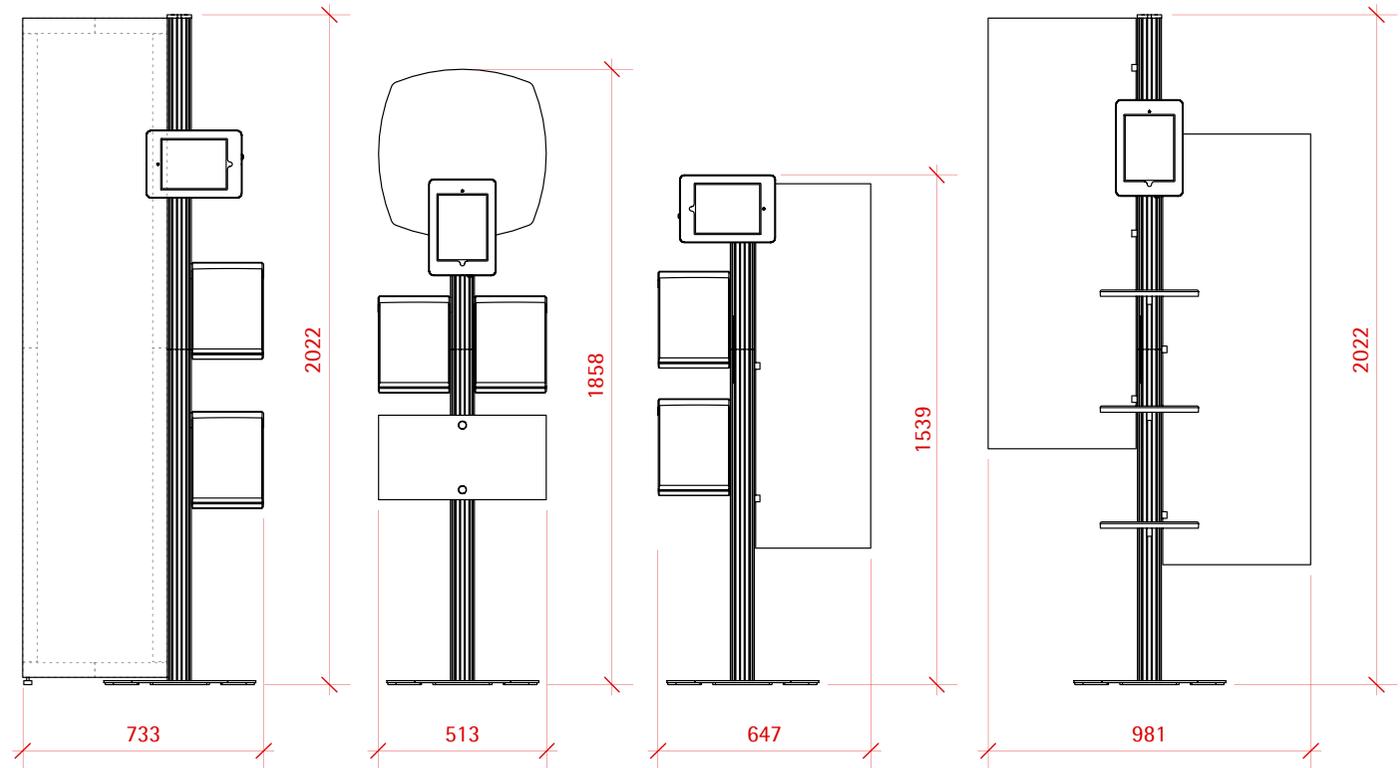

Use your imagination to create eye-catching iPad retail and POS displays. Attach an iPad display to a single Centro post and baseplate, followed by product shelves and literature presenters to create simple but effective display combinations.

Example illustrated demonstrates how various unique display combinations can be achieved from a small number of versatile components.

### Complete iPad Retail Component Set

- Product code - CiP/RDC1
- Net weight - 24kg
- Packaged weight - 27kg (carton)

### Combination 1

- Product code - CiP/RDC1
- Photobase and magnetic strip graphic
- iPad post mount available in black or white finish
- Net weight - 18kg
- Packaged weight - 22kg (carton)

### Combination 2

- Product code - CiP/RDC2
- Foamex, acrylic or card graphic
- iPad post mount available in black or white finish
- Net weight - 15kg
- Packaged weight - 19kg (carton)

### Combination 3

- Product code - CiP/RDC3
- Foamex, acrylic or card graphic
- iPad post mount available in black or white finish
- Net weight - 14kg
- Packaged weight - 18kg (carton)

### Combination 4

- Product code - CiP/RDC4
- Foamex, acrylic or card graphic
- iPad post mount available in black or white finish
- Net weight - 18kg
- Packaged weight - 22kg (carton)

## iPad displays

The iPad multi holder can be displayed in either portrait or landscape format.

The multi display range also allows the iPad to be connected to a power supply and is perfect at events where longer use may be required or for permanent display within retail, showroom and visitor centre environments.

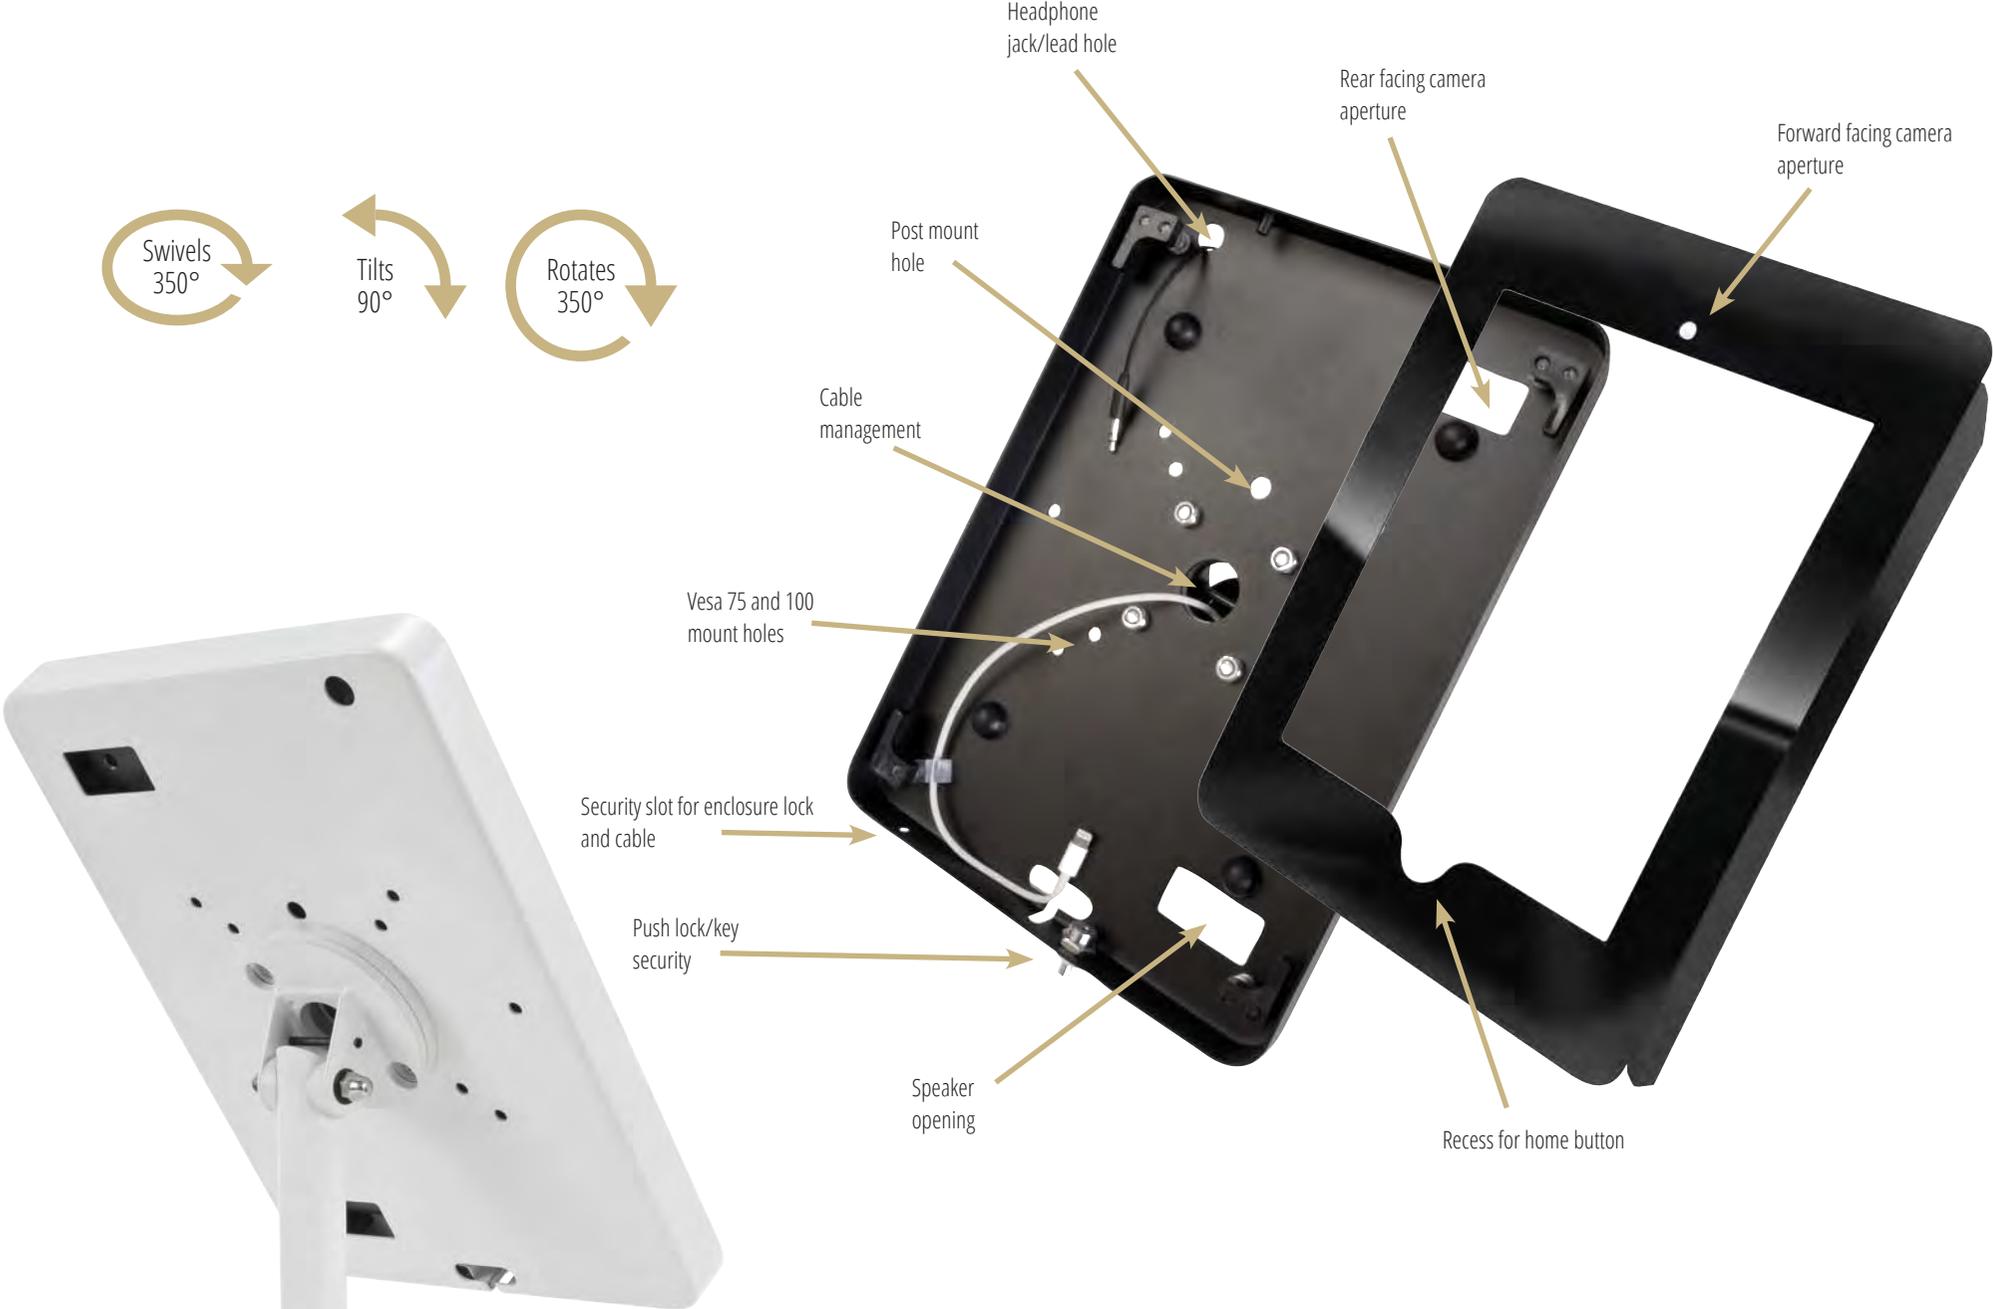

All products within the range boast a cable management system and come supplied with a power lead for immediate use.

### iPad multi display holder

- Designed for use with iPad 2, 3, 4, iPad Air 1, iPad Air 2 and iPad Pro 9.7
- Contemporary styling with robust steel holder
- Available in textured black or white finish
- Attractive high gloss acrylic fascia
- Discreet management to point of exit of USB charging cable, adaptor and power lead
- Integral chrome push button security lock with two keys supplied
- Home button recess allows perfect balance between iPad access and security (see Guided Access instructions)
- Comprehensive range of holder apertures for extensive iPad functionality
- Holder rotates and swivels 350°
- Holder tilts 90° except on post and wall mounted versions
- Overall holder dimensions
  - Portrait - 206(w) x 80(d) x 294mm(h)
  - Landscape - 294(w) x 80(d) x 206mm(h)
- UK 3 pin plug to figure 8 power lead supplied to connect to iPad adaptor - 1 year guarantee
- Optional enclosure security lock and cable

iPad, USB Cable and Power Adaptor not included

## Cable management

Apple USB charging cable concealed within enclosure behind iPad before exiting through centre hole

Apple USB cable passes through holder support head, then down column tube

Apple USB cable connects to Apple white adaptor, which in turn connects to figure 8 power lead (supplied)

3m figure 8 power lead and UK 3 pin plug (supplied) exit stand for connection to appropriate power supply

## Optional enclosure security lock and cable

1.8m premium quality enclosure lock and cable with 2 keys

Lasso security cord to appropriate position on display stand. Not recommended for iPad Column and Podium stands

Alternatively lasso security cord to nearby stationary object to prevent removal of complete iPad display stand

For secure locking of iPad enclosure follow the instruction guide supplied

Home Button

### Guided Access - Lock your iPad home button

In iOS 6 and above, you can limit an iPad to one app by disabling the 'home button' access and restrict touch screen input on certain areas enabling the iPad to be left unattended. Only available on iPad 2 and above.

- Go to Settings
- Tap General
- Scroll down to Accessibility
- Scroll down to Guided Access
- Tap Guided Access
- Switch Guided Access to on and Set Passcode if not already set
- Go to an app with a scrolling picture, triple click on the Home Button and press Start in the top right-hand side of screen. Your screen is now locked
- To unlock - Triple click the home button, enter your passcode and in the top left-hand side click End.

### Centro Wheeled Trolley Case

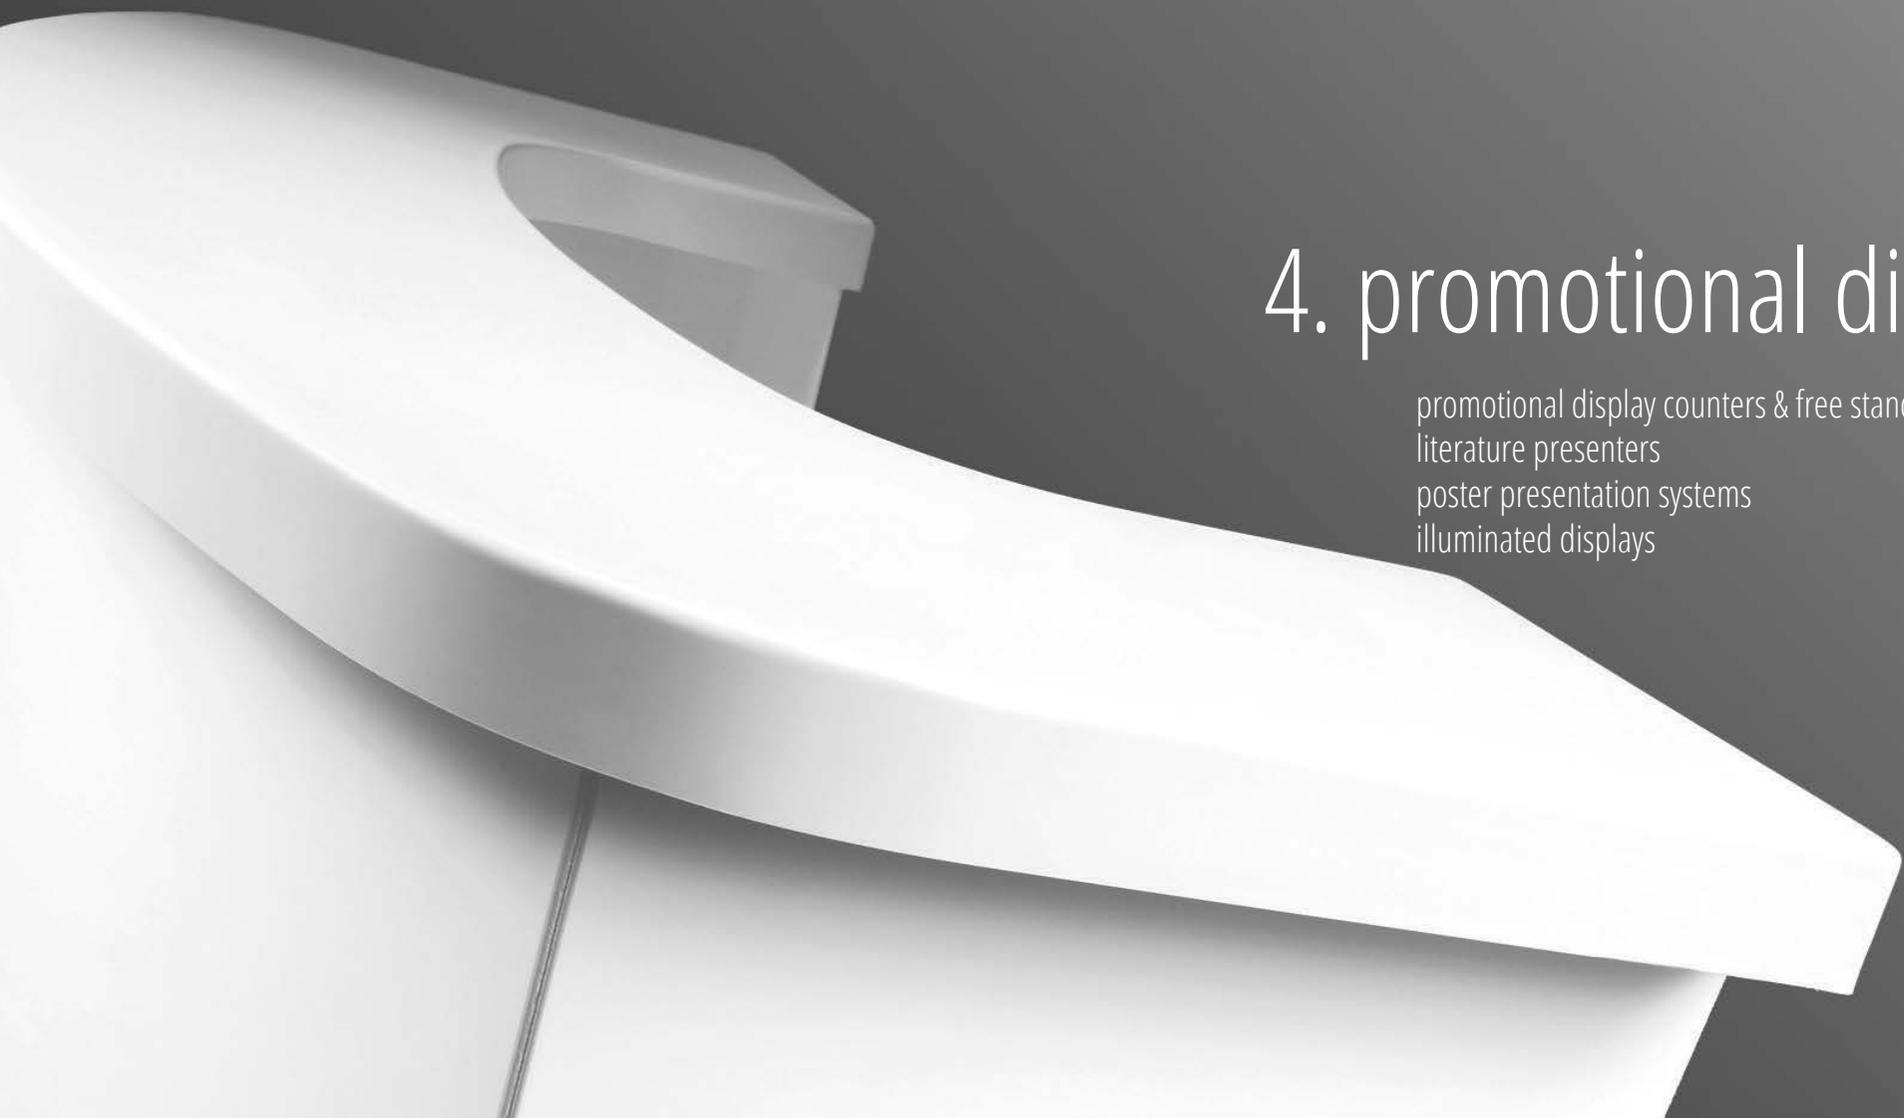

- Product code - CTC1
- Stylish and durable moulded plastic case with rubber wheels
- Detachable lid with moulded handle and 3 lockable latches
- Convenient side carry handle
- Overall dimensions - 520(w) x 440(d) x 1130mm(h)
- Internal dimensions 460(w) x 360(d) x 912mm(h)
- Optional laminated folding top available in beech or black with padded bag
- Converts to counter display with simple application of graphic wrap
- Quality assured - 12 months guarantee
- Net weight including tube without graphics - 8.9kg
- Packaged weight - 12.0kg

### iPad packaging

- Specially manufactured double wall transit carton and internal fittings for ease of shipment worldwide of individual iPad stands
- Each carton supplied twin strapped with metal seals for convenient and safe handling
- Carton dimensions - 1020(w) x 500(d) x 240mm(h)
- See individual stands spec for packaged weights

Available with four choices of top colour; Special Black Leatherette, White and optional Wood effect or Silver

Carry bag with graphic tube

- Lightweight product for ease of transportation from one venue to another, weighing only 12.97 kgs including all components and graphic with graphic tube
- Single piece graphic wrap, very durable and easy to produce, no complicated graphic fixing system to position and attach, saving time on graphic application and production
- Product comes with hook Velcro attached, and loop pieces for graphic when client is handling graphic production
- Quick and easy to assemble, in less than 2 minutes
- Carry bag made from durable high quality 600D polyester, with printed assembly instructions, allowing product to pack away neatly
- Outer piece, flat top with reinforcing panel for added strength and graphic protection

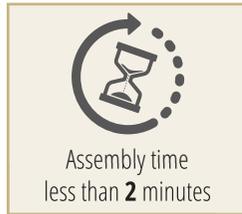

Curved or flat  
bottom header

- Rear opening of product 700mm(w) x 810mm(h) for generous storage areas in base and on flat surfaced strengthened shelf
- Removable shelf allowing additional space, when required
- Pole and header set available for when required, giving a great added feature
- Very competitively priced product

## promotional displays

### Promotor Finesse<sup>2</sup>

The Finesse<sup>2</sup> is a direct development from the Promotor Finesse sharing all its features the difference being the overall size – 805mm(w) x 910mm(h) giving endless possibilities between these newly developed products.

Carton size: 1090(w) x 590(d) x 130mm(h)  
Counter height: 910mm  
Max overall size: 805(w) x 415(d) x 910mm(h)

- Lightweight product only weighing 8.25 kgs
- Single piece graphic wrap for ease for attaching, and saving time on graphic application and production
- Quick and easy to assemble in less than 2 minutes
- Durable high quality carry bag comes complete with product and assembly instructions

- Flat strong top with reinforced panel available in Black or White Leatherette finish as standard. Silver and Wood effect available as a cost option
- Rear opening a generous 425mm(w) x 810mm(h)
- Pole and header set available when required
- Very competitively priced high quality product direct from the designers and manufacturers

Carton size: 925(w) x 845(d) x 117mm(h)  
 Counter height: 910mm  
 Max overall size: 795(w) x 490(d) x 2215mm(h)

### Promotor Grafix

The Grafix promotional display counter is a new and easy to use graphic displaying solution. Ideal for promotions where graphics have to be changed on a regular basis. For maximum effect permanent graphics can be applied to the product, with the advantage of a changeable graphic laid over the top with this easy to use graphic rail system, a perfect way for promotions that require a regular message that can be changed with ease.

- Durable clip tight rails hold graphics in place securely, tool free
- Easy to use, simply place graphic into position, foam lining allowing graphic to sit perfectly in place with no wrinkles or creases
- Promotional unit, similar in design to Budget, Merit and Demo Center with modern curved front, middle shelf and bottom that sits on the floor giving added stability and allowing graphic rails to sit

- between top and bottom giving a perfect quality finish
- Available in black or white including rails
- High quality design, for reusable use, at a very competitive price

**Promotor Motion**

The Motion portable display counter, a first in our range to be totally portable when constructed. Modern round fronted design similar to Budget, Merit and Demo Center.

Carton size: 925(w) x 845(d) x 117mm(h)  
 Counter height: 910mm  
 Max overall size: 795(w) x 490(d) x 2190mm(h)

- Durable wheels with brakes, ideal for promotions where product needs to be moved around on a regular basis, making it very easy to move simply within a promotional area
- Product fits into its tailor made carry bag ideal for transporting from one venue to another
- Special rigid reinforced top available for added strength when required
- Steel poles, headers available giving added branding
- Spare parts available for each component, which are always stocked
- High quality re-usable, easy to assemble, available in black or white

## promotional displays

### Swift Promotor 360

The Swift 360 promotional display is ideal for free standing promotions, where all round graphics are required.

Carton size: 925(w)x 845(d) x 82mm(h)

Max overall size:

standard: 480(diameter) x900mm(h)

small: 480(diameter) x490mm(h)

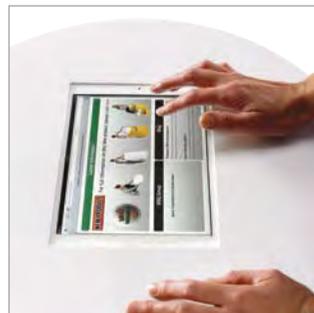

- Very durable and capable of holding weight
- Flat packs easily into it's own tailor made carton
- Reusable carton has dedicated graphic tube protecting the graphic, allowing graphics to be added without unpacking the product
- Graphic easily wraps around display giving maximum effect
- Smooth finish top cap is added after graphics have been applied to give quality finish, and allows extra strength
- Two sizes available as standard stock items, tailored sizes available on request
- Low cost product, with a high quality finish
- Wood effect top and colours available on request
- Black nylon carry bag available, including area for graphic tube to protect graphic wrap

**Swift Promotor 360 PC Tablet**

You can incorporate a PC tablet such as an iPad into the top of the display making the product even more versatile. This simple yet clever design allows any user to easily add the device into the display completely tool free and is a cost effective way of promoting using latest PC technology.

**Swift Promotor 360 PC Tablet with Secure Top**

The successful Swift 360 PC tablet version is now available with a secure top option. Once the PC tablet is positioned in place and the outer top is added simply line up the top and secure it in place with the supplied fixings and handy to use durable screwdriver ensuring the top cannot be moved without unscrewing the fixings, keeping the PC tablet in place and secure when in use.

- Easy to use low cost option
- Fixings and screwdriver come with product
- Spare fixings also included

### Promotor Demo Center

The Demo Center promotional display counter is a round fronted lightweight portable demonstration promotional and in-store sampling counter designed for easy transportation and set up.

Carton size: 925(w) x 845(d) x 82mm(h)

Counter height: 905mm

Max overall size: 790(w) x 480(d) x 2200mm(h)

- High quality re-usable, easy to assemble
- Polypropylene body panel incorporating unique hinges for easy folding
- Vacuum formed high impact polystyrene tops and baseshelf, foam board headers, epoxy polyester powder coated steel poles complete the high quality of this product
- The Demo Center comes complete with body panel, rigidtop,

baseshelf, poles, header and over the shoulder zipped black nylon carry bag, all packed as one complete unit in a specially designed transportation carton, supplied as an 'off the shelf' stock item

- Corporate Demo Centers, when required in large quantities, can be produced in special colours. Graphics and logos are screen printed directly onto the body panel and headers using Sericol Polydyne inks

### Promotor Standalone

The Standalone free standing display is a totally new concept in portable re-usable promotional displays. The one or two unit displays have the same overall height.

Carton size: 1075(w) x 940(d) x 110mm(h)

Counter height: 906mm

Max overall size: 985(w) x 463(d) x 2300mm(h)

- Manufactured in a choice of black or white polypropylene and super high impact polystyrene
- Standalone has been designed for long term use in the twenty-four seven retail outlet sector
- Choice of a wood grain top, two different style headers plus a simple to use roof kit, produced in 3mm foam board and supported by epoxy powder coated steel poles in black, white or bright silver completes your very impressive display
- Body panel comes as a complete piece, having hinges for quick and easy tool free set up
- Graphics can be applied all round the body panel to create a truly double-sided promotional display
- To make a really impressive tall island display complete with poles header and all round graphics you simply use a clear moulded joining component placing one Standalone on top of another

## promotional displays

### Promotor Plus

The Plus is the second largest in our range of products, with a total width of 1235mm

Carton size: 1295(w) x 675(d) x 135mm(h)

Counter height: 910mm

Max overall size: 1235(w) x 470(d) x 2213mm(h)

Second shelf option available maximising storage.

- New standard reinforced top, giving extra strength when demonstrating
- Another design feature the lip on the top and bottom mouldings enable the change of rigid graphics without dismantling the Promotor Plus. Graphics can be printed onto a 2mm foam board, and simply placed in a few seconds enabling the change of message without disturbing the demonstration or sampling in progress
- Second optional shelf is available, being the most popular style, maximising storage for demonstration purposes
- Promotor Plus complete with it's header, four piece steel pole set, packs neatly into its own black carry bag, making it very portable

### Popular Promotor

The Popular is designed with a flat front and rectangular shape so graphics can be produced without a gap in the centre, a big advantage in some designs.

Carton size: 1000(w) x 865(d) x 75mm(h)

Counter height: 910mm

Max overall size: 836(w) x 490(d) x 2200mm(h)

Robust easy to use round tray fits all Promotor products.

- Double sided header panel, made from 3mm foam board easily slots into the tops of the header poles
- Poles and header can be located at the front or the back of the unit, simply change the shelf and top moving the holes front to back or the other way round
- Popular Promotor, although larger than the Classic and Original Promotors when packed into its black nylon carry bag, is easy and practical to move from one demonstration to another
- Like the rest of its family Popular Promotor is available without poles header and bag, with no cost, optional, no hole top to give it a high quality finish

### Champion Promotor

The Champion is 1160mm high and 1240mm wide, is the largest member of our family. This makes it very different from all the other promotional display counters.

Carton size: 1250(w)x 625(d) x 215mm(h)  
 Counter height: 1160mm  
 Max overall size: 1240(w) x 375(d) x 2448mm(h)

- Curved bar shaped, smooth, strong top
- Full size ingeniously designed work surface 250mm below the top
- Additional shelf can be supplied providing extra storage space
- Body panel, like Classic Promotor, hinged in two segments which allows body panel to fold even smaller than Promotor Plus
- Tailor-made black nylon carry bag available for simplicity and ease of transportation
- Champion Promotor has a header made from 3mm foam board with self-adhesive hollow plastic fixings and it reflects the top in its shape

### Promotor Bonus

The Bonus being the height of a Champion, 1160mm and width of a Popular 836mm, making it unique from the rest of the family.

Carton size: 1220(w) x 870(d) x 76mm(h)  
 Counter height: 1160mm  
 Max overall size: 836(w) x 490(d) x 2218mm(h)

- Half depth smooth strong top and working area at 910mm high
- Promotor Bonus uses all the same well proven accessories as the other products in our range, headers, poles, soft bags and a new style, simple to assemble roof kit formed in 3mm foam board
- Because of its height, separate working and presentation levels Bonus is ideal for exhibitions, receptions and promotions where coupon filling, registration details etc have to be completed
- Optional window available in the top of the front allowing valuable or 'untouchable' objects to be displayed is another choice of style
- Even being one of the larger products in our range the Bonus can be individually cartoned for ease of handling and onward despatch to your clients

## promotional displays

### Promotor Action

The Action has many interesting features over our other promotional display counters.

Carton size: 1050(w) x 675(d) x 200mm(h)

Counter height: 910mm

Max overall size: 1000(w) x 470(d) x 2210mm(h)

New extra-strong shelf including box section for added rigidity.

- Ideal for microwave oven
- Safe and secure
- Easy to construct, tool free
- Useful for other heavy items

- Flat top option, a really clever top which is totally flat
- The flat top also enables the demonstrator to maintain a high degree of cleanliness for sampling food
- This clever top also incorporates a membrane for maximised strength
- Also available to assist in hygiene qualities a built in tidy bin with attached hinged lid
- Novel offset design to the top and front enables the use of standard poster to be attached for day to day change of special promotions without spoiling the graphic design
- Promotor Action as with all of our products, packs with its accessories into its own easy to carry durable black nylon bag with printed assembly instructions

### Promotor Action iPad Display Holder

The iPad multi enclosure can be connected to a power supply and is perfect at events where longer presentation time may be required within retail, showroom and visitor centre environments.

- Designed for use with iPad 2, 3, 4 and the iPad Air
- Contemporary styling with robust steel holder finished textured matt-black
- Discreet management to point of exit of USB charging cable, adaptor and power lead
- Integral chrome push button security lock with two keys supplied
- Comprehensive range of holder apertures for extensive iPad functionality
- Holder rotates and swivels 350° and Holder tilts 90°

## promotional displays

### Original Promotor

The Original was designed many years ago and has been very successful in numerous different sales promotions, demonstrations and sampling projects. Sold worldwide it must be regarded as a first in it's field.

Carton size: 920(w) x 560(d) x 150mm(h)

Counter height: 910mm

Max overall size: 855(w) x 470(d) x 2218mm(h)

- Produced with interchangeable tops and base to allow for the umbrella
- Single sided header also available
- Both can be changed easily for use on the left or right hand side depending on the client's requirements
- Large bottom giving additional storage for promotional items
- PVC coated nylon bag, complete with printed pictorial assembling instructions and tailored area for umbrella

### Classic Promotor

A direct development from the Original is the Classic.

Carton size: 920(w) x 560(d) x 150mm(h)

Counter height: 910mm

Max overall size: 855(w) x 470(d) x 2218mm(h)

- Foot well shaped base with top hat pole recesses for ease of moving the assembled unit
- Standard, rigid or stiftop with a choice of one, two or no holes
- Header panels with rounded corners and special hollow plastic self-adhesive fixings to the back so fixings are totally invisible from the front
- Standard shape 3mm foam board headers complete or with fixings separate to allow printing direct onto panels before final assembly
- Header fixings can be supplied only, so that you can produce foam board header panels to virtually any shape your client requires
- New style simple to assemble roof kit, formed in 3mm foam board

**Maxi 900 & Mini 750 Promotor**

Maxi 900 and Mini 750 promotional display counters have been designed to work in conjunction with the Original, Classic, Plus and Action display counters.

Mini 750 being only 750mm high is ideal as an addition to other promotional display counters when the static display of larger products is also required.

Carton size: 960(w) x 645(d) x 90mm(h)  
 Counter height Maxi: 900mm  
 Counter height Mini: 750mm  
 Max overall size: 570(w) x 470(d) x 2218mm(h)

**Maxi 900**

- Maxi 900, when used for demonstrations where space is tight and floor areas are restricted, it is very popular because of its compact size and cost effective price
- Being the same height as other promotional display counters, except Champion and Bonus, it is a very useful cost effective add on for extra work area
- Available with or without shelf for extra storage area

**Mini 750**

- Both Maxi and Mini promotional display counters pack into their own carry bags for easy transportation
- Poles, headers available on both products or interchangeable from one product to the other if required

## promotional displays

### Solus Promotor

The Solus free standing display is based on the same design principles as Standalone. More exciting is the ability to construct, tool free, a two or three tower for use with all round graphics.

Carton size: 1075(w) x 940(d) x 70mm(h)

Max overall size:

1 Unit: 844(w) x 415(d) x 906mm(h)

2 units: 844(w) x 415(d) x 1808mm(h)

3 units: 844(w) x 415(d) x 2708mm(h)

- Clever joining components are moulded from clear materials so as not to interfere with the graphic effect
- Solus can also be used as a double sided reusable easy to set up demonstration display centre for use in-store by a marketing presenter when used at 906mm high
- Optional opening one side for storage purposes
- Also available with an attractive wood grain top and a mixture of body panel and base in Black or White makes the simple, modern and inexpensive Solus a very practical demonstration and promotional counter
- Over the shoulder zipper black nylon carry bags for easy transportation from demonstration to promotion are available for Solus and Standalone as stock items

**Budget Promotor**

Budget promotional display counter round fronted and the same size as the Demo Center. Available in black or white.

Carton size: 925(w) x 845(d) x 82mm(h)  
 Counter height: 905mm  
 Max overall size: 790(w) x 480(d) x 2200mm(h)

- Standard top or rigid top available and a choice of an optional simple header supported by only one side pole set, this makes it a very inexpensive promotional display counter
- A great choice for cost effective Promotions

**Merit Promotor**

Merit promotional display counter, available in black or white incorporates all the design characteristics of the Demo Center and Budget.

Carton size: 925(w) x 845(d) x 117mm(h)  
 Counter height: 905mm  
 Max overall size: 790(w) x 480(d) x 2200mm(h)

- Major differences between Merit, Demo Center and Budget display counters being that the Merit has a storage shelf as standard
- Optional two sided pole header, rigid top for extra strength and an over the shoulder zipped black nylon carry bag for easy transportation from one demonstration to another
- Product components and accessories are all stock items for quick despatch

### Compact Promotor

The Compact promotional display counter is exactly what it's name suggests.

Carton size: 920(w) x 560(d) x 150mm(h)

Counter height: 905mm

Max overall size: 840(w) x 455(d) x 2200mm(h)

- Using same materials and manufacturing techniques as our other display counters it has two advantages
- One being the front of the body panel is 'hinged' to enable the unit to fold down smaller than the Demo Center, Budget and Merit display counters, making transportation more economical and even smaller to carry from one place to another

- The second a choice of single or double sided header, together with an extra storage shelf if required
- All components for Compact display counter fit into it's black nylon bag neat and compactly
- Available in black or white

**Promotor So Simple**

Hence the name, So Simple is a very easy to use free standing steel and aluminium display.

Carton size:

carton 1: 760(w) x 195(d) x 43mm (h)

carton 2: 270(w) x 270(d) x 140mm(h)

Base diameter: 252mm

Pole height options: 744mm, 1379mm or 2014mm

- So Simple has endless possibilities. Simple to set up and take down using 'clip-on' flexible or rigid graphics, so simple and easy to change
- Flexibility on graphic material and thicknesses can be used, shapes can also be created and mounted simply to the self adhesive rails provided

- A very quick and easy, low cost product
- Choice of three colours. black, white or silver
- Graphic sizes can be tailored in width and length with a maximum of 1900mm x 750mm

### A4 Info Display

- Product code: POS INFO1
- Round powder coated silver steel base and straight aluminium post
- A4 Snap poster frame - rounded corners
- Insert size - 210 x 297mm(h)
- Visible area - 193 x 280mm(h)
- A4 Portrait 3mm acrylic brochure holder and fixing bracket
- Overall dimension - 360(w) x 360(d) x 1395mm(h)
- Net weight 4.4kg
- Packaged weight 6.0kg

### A4 Info Curved Display

- Product code: POS INFO2
- MDF base - silver paint finish 250(w) x 350mm(d)
- Brushed aluminium display panel 260(w) x 1160mm(h) with cable fixing to form curved shape when inserted in base unit
- 2 part acrylic holder 3mm with fixings 198(w) x 298mm(h)
- Insert size - 210 x 297mm(h)
- Visible area - 210 x 297mm(h)
- Overall dimension - 260(w) x 350(d) x 1130mm(h)
- Net weight 4.6kg
- Packaged weight 6kg

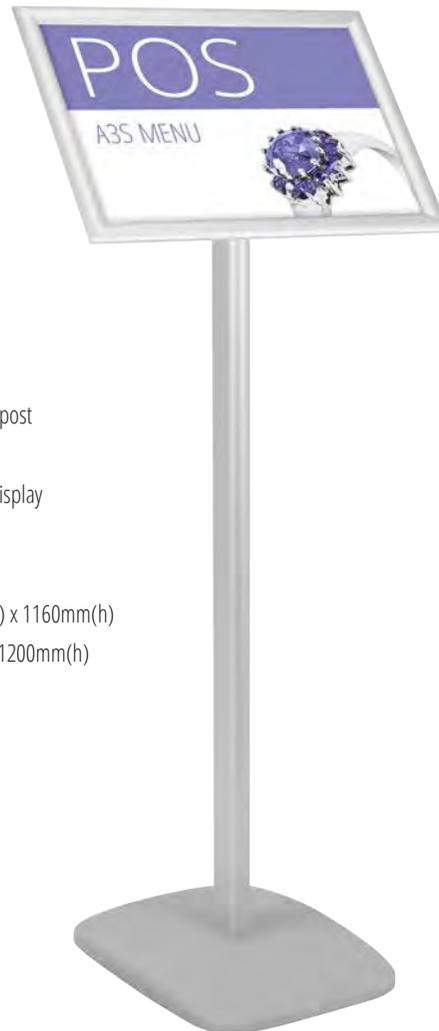

### A3 Curved Menu Stand

- Product code - POS MA3/C
- Round powder coated silver steel base and curved aluminium post
- A3 Snap poster frame - mitred corners
- Snap frame mechanism enables landscape or portrait display
- Insert size - 297 x 420mm
- Visible area - 280 x 403mm
- Landscape overall dimension - 360mm(w) x 360mm(d) x 1190mm(h)
- Portrait overall dimension - 360mm(w) x 360mm(d) x 1260mm(h)
- Net weight 4.2kg
- Packaged weight 6kg

### A4 Curved Menu Stand

- Product code - POS MA4/C
- Round powder coated silver steel base and curved aluminium post
- A4 Snap poster frame - mitred corners
- Snap frame mechanism enables landscape or portrait display
- Insert size - 210 x 297mm
- Visible area - 193 x 280mm
- Landscape overall dimension - 360mm(w) x 360mm(d) x 1200mm(h)
- Portrait overall dimension - 360mm(w) x 360mm(d) x 1260mm(h)
- Net weight - 4.1kg
- Packaged weight - 6kg

### A3 Straight Menu Stand

- Product code - POS MA3/S
- Rectangular silver painted base and straight aluminium post
- A3 Snap poster frame - mitred corners
- Snap frame mechanism enables landscape or portrait display
- Insert size - 297 x 420mm
- Visible area - 280 x 403mm
- Landscape overall dimensionn - 450mm(w) x 330mm(d) x 1160mm(h)
- Portrait overall dimensionn - 330mm(w) x 330mm(d) x 1200mm(h)
- Net weight - 2.1kg
- Packaged weight - 3.0kg

### A4 Straight Menu Stand

- Product code - POS MA4/S
- Rectangular silver painted base and straight aluminium post
- A4 Snap poster frame - mitred corners
- Snap frame mechanism enables landscape or portrait display
- Insert size - 210 x 297mm
- Visible area - 193 x 280mm
- Landscape overall dimensionn - 330mm(w) x 330mm(d) x 1125mm(h)
- Portrait overall dimensionn - 245mm(w) x 330mm(d) x 1160mm(h)
- Net weight - 2.1kg
- Packaged weight - 3kg

## poster presentation systems

## lumos illuminated displays

Designed specifically for retail, showroom and exhibition environments, Lumos is a new user-friendly revolutionary product range that really does give the ability to stand out from the crowd.

With the capability to have battery or mains operation and interchange back illuminated graphics using the latest LED technology, including RGB colour options; the Lumos light tower range offers true flexibility.

### Lumos Mini Tower

Standing at 953mm tall, the Lumos Mini Tower comes complete with either a matt white or a black weighted base for added stability, and is internally illuminated using white LED strip lighting. Supplied with a mains power transformer, or for greater flexibility a rechargeable battery option is also available which wirelessly illuminates the Mini Tower for over 14 hours.

### Lumos Midi Tower

The Lumos Midi Tower comes complete the same features and accessories as the Mini Tower but stands at 1318mm tall. Its two part upright ensures everything can be packed down into a standard size graphic bag. Supplied with a mains power transformer, or for greater flexibility a rechargeable battery option is also available which wirelessly illuminates the Midi Tower for over 10 hours.

### Lumos Maxi Tower

The Lumos Maxi Tower stands at 2178mm tall. Its three part upright ensures everything can be packed down into a standard size graphic bag. Supplied with a mains power transformer, or for greater flexibility a rechargeable battery option is also available which wirelessly illuminates the Maxi Tower for over 8 hours.

Optional white base and top

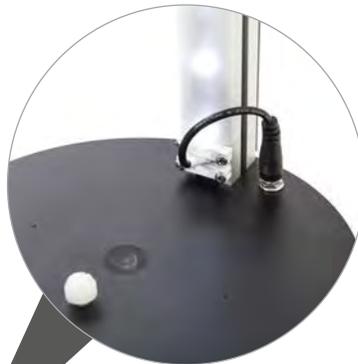

**Easy connecting uprights**

Easy connecting uprights create safe and strong joints that allow for multiple height options.

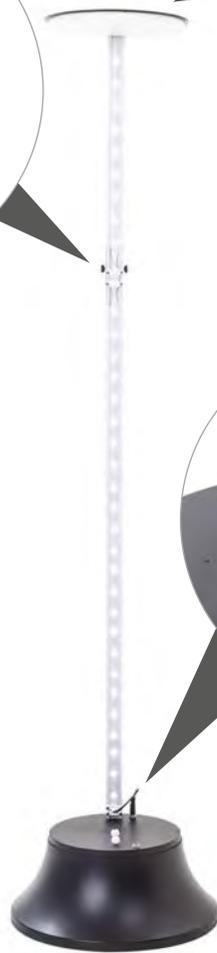

**Simple carry handle**

Each Lumos is supplied with a simple “ring pull” carry handle for transportation when assembled.

**Simple Plug in rechargeable base**

When using the rechargeable option simply plug the LED upright into the base socket for illumination.

## lumos illuminated displays

### Lumos Counter

Designed as an alternative to traditional counters, podiums or lecterns, the Lumos Counter is an ideal choice for any exhibition, showroom or retail environment. Its lightweight easy to assemble construction allows for interchangeable graphics which can be illuminated either with a mains transformer or a rechargeable battery, allowing wireless capability for over 8 hours.

### Lumos Double Tower

The Lumos Double Tower has all the unique functions that are associated with the Lumos range but with double the impact. In addition to the matt white, double weighted base and two, two-part LED illuminated uprights it has the option of being powered from a mains supply or rechargeable battery lasting over 6 hours.

### Counter Top

The Lumos counter top is designed to display products, literature or use with a laptop or keyboard.

### Linking Bases

Lumos bases can be linked together, meaning that two illuminated uprights can be powered by one transformer or battery.

**Lumos RGB**

As an optional extra the Lumos Mini, Midi and Maxi Towers are available with full colour lighting. Each unit is supplied with an RGB RF wireless controller that provides 20 static colours, and 19 dynamic modes. Each unit allows for speed and brightness adjustment.
